THANK YOU!

GET INVOLVED

Protecting, supporting, and promoting Maplewood's beautiful open spaces begins with each of us. There are many ways you can help us in our mission - become a member today, serve as a board member, donate funds, or volunteer to help at a Friends sponsored event! Anyone can be a member. You do not need to live in Maplewood to join.

PROMOTE, SUPPORT, AND
ENHANCE
THE GROWTH OF MAPLEWOOD
NATURE CENTER AND PRESERVES

WHO WE ARE AND WHAT WE DO

The Friends of Maplewood Nature (FMN) is a nonprofit, 501(c)(3) organization that complements tax dollars spent on management of Maplewood's natural areas and the Maplewood Nature Center's educational programs.

The Friends of Maplewood Nature was created in 2007 by a group of caring and dedicated individuals who believed in the mission and work that was being done at Maplewood Nature Center (MNC). In 1993, the Center expanded its mission when the citizens of Maplewood overwhelmingly voted for a five million dollar referendum to purchase open spaces. The Neighborhood Preserve system now has 14 sites.

Through the support of Maplewood Nature Center programs, the FMN helps: connect children with nature, offer practical environmental classes for adults, and model current natural resource and invasive species management practices.

VISIT

In a busy metropolitan area, a place to connect with nature close to home is vital. Visit the Maplewood Nature Center and Preserves and you can't help but want to join us in our mission to promote and support the management of these precious natural areas. For more information on the nature center and descriptions of the preserves, visit the center website at:

WWW.CI.MAPLEWOOD.MN.US/NC

PROJECTS

With funds raised through annual memberships, grants, and generous donations, the FMC has been able to support:

- The purchase of snowshoes for individual and school group use at the nature center
- The purchase of binoculars for outdoor educational programs
- Development of a natural play area for children
- Native plant and rain garden workshops to help home owners become better backyard stewards
- The purchase of a stationary bike used as a teaching tool on resource conservation
- Many other programs, projects, and events

HOW YOU CAN HELP

More resources are needed to continue our support of visible and sustainable projects. Tax deductible donations are easy to make through a link on our website, or simply write to us.

IT'S THAT EASY!
