

Make your morning an energy-efficient one

Turn on energy efficient lights to find your way around.

Take a five minute shower with your high-efficiency showerhead.

Get dressed in your Sunday best (that were washed in cold).

Breakfast time! Grab something tasty out of your ENERGY STAR rated fridge.

Time to brush your teeth. Good thing your sink has a faucet aerator.

Go online to check your congregation's website. Turn off your computer or put it to sleep when you're done.

Time to go! Remember to turn off lights before you leave.

Take the bus, walk, bike or carpool with friends to church. It's time for worship!
