MAPLEWOOD LIVING

May 2023

After two years of reconstruction, we're happy to welcome a new and improved Menards back to Maplewood.

Many local businesses thrive in Maplewood, support them

By Chonburi Lee, Councilmember

Nyob Zoo, around this time last year, I was contemplating whether to pursue my passion for community service. I was waiting for the right time, circumstances, and signals but determined there is no better time than now. I am pleased to say that four months in to my service as a City Council Member, I am so glad I didn't keep waiting.

One of my favorite experiences thus far has been having conversations with the residents of Maplewood. I have been pleasantly surprised at the level of engagement Maplewood residents have shown. As the weather begins to warm up, I am excited to soon be able to see familiar faces door knocking, walk the trails of Maplewood's parks, and enjoy the goods and services of Maplewood's small businesses. Having helped administer COVID relief funds during the pandemic, it has been heartwarming to see the small business community recover.

Despite how well our small businesses have persevered, I want us to not lose sight of all the challenges they faced during the height of the pandemic. I had the opportunity to work closely with the Minnesota Department of Employment and Economic Development (DEED) to connect small and micro businesses to funding that, in many cases, helped them keep their livelihoods. As we approach the end of the public health emergency, I encourage Maplewood to support local services. Buy local. Eat local. Contribute to the vitality of our city by supporting the businesses that help our city thrive. The City of Maplewood website offers a vast amount of information including a Maplewood Business Directory (maplewoodmn.gov/businessdirectoryii.aspx) development opportunities, and current infrastructure projects.

The Maplewood Mall is a great place to start if you're interested in supporting local businesses. It was a place I frequented growing up but has changed incredibly over the years.

[SMALL BUSINESSES continued]

Many of the big box businesses have moved out and been replaced with small businesses. The Maplewood Mall is a hub for local businesses and entrepreneurs. Just a short drive down Highway 36 is the McCarron Hills Shopping Center, another hub of local businesses. Maplewood is home to many small businesses nestled among its residents. When you support a local business, you become their voice, their neighbor, and their friend. I am excited to work with everyone to co-create a city we are all proud of where all are welcome.
