

# MAPLEWOOD IN MOTION

VOL. 9 NO. 2

MARCH-APRIL 1979

## EMPLOYEE OF THE YEAR

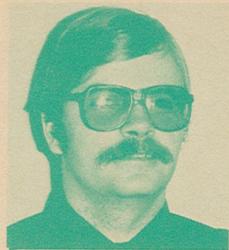

On December 9, 1978, Lt. Dennis Cusick was honored as "Maplewood's Employee of the Year." A plaque and watch were presented to Dennis that evening at the Christmas party held at the Gladstone House. This award is a result of nominations and voting by all Maplewood City employees. Pictured above, left to right, are Lt. Dennis Cusick; Eric Blank, Acting City Manager; and Richard Schaller, Director of Public Safety. Dennis has been employed by the City since May 1, 1965.

DATKO

WILL

McCLARY

JOHNSON

MacDONALD

## NEW EMPLOYEES

On December 15, 1978, a six month temporary Planning Intern joined our Community Development Department. Andy Datko received his B.A. in Geography, magna cum laude, from the University of Minnesota in March of 1977. In August of 1978, he also completed a Master of Arts degree in Geography at Arizona State University in Tempe.

Another new employee in Community Development, Mary Will, started on January 4, 1979, as part-time Clerk-Typist. Mary brings with her four years of clerical work experience and a typing speed of 84 w.p.m.

Public Safety also has two new employees, both hired to fill vacancies. Thomas McClary began work on December 26, 1978 as Community Service Officer. Mr. McClary's past work experience includes two months volunteer work as a Property and Evidence Clerk for Pueblo, Colorado Police Department and one year as a Dispatcher for the Pueblo County Sheriff's Department. On January 15, 1979, Cynthia Johnson started as Clerk-Typist IA. Cindy attended the University of Minnesota for two years, types 63 w.p.m. and has 2½ years of work experience in the clerical/secretarial field.

On January 16th of this year, John MacDonald started employment as our Lead Heavy Equipment Mechanic, replacing Jim Tobin, who resigned to accept a position in the private sector. John has an Automotive Electrician Certificate from Dunwoody Institute and was a Motor Mechanic with the U.S. Marine Corps; he also has 23 years work experience as a mechanic.

## CITIZEN INPUT INTO COMMUNITY DEVELOPMENT

There are two specialized groups working within the planning process in Maplewood. These are the Planning Commission and the Community Design Review Board. Both bodies have been instrumental in the development of Maplewood.

The Planning Commission, which is made up of eleven volunteer citizens, is responsible for reviewing development applications for rezonings, special use permits, subdivision plats, and variances. The Planning Commission was primarily responsible for developing Maplewood's Comprehensive Plan. The Commission tries to insure that Maplewood develops harmoniously and in the public interest.

The Community Design Review Board's duty is to make architectural and aesthetic comment on new developments coming into Maplewood. The Board, which is composed of six volunteer citizens, has worked hard to make sure that new developments are attractive and well designed.

## OUR BEST FRIEND NEEDS A LICENSE

Just a reminder that dog licenses are now available. The cost of the license is the same as in the past, \$1.50. A \$1.00 penalty will be added after March 31, 1979. Please note the following regulations which must be adhered to before a dog license can be issued: (*Source: Ord. No. 414, Subd. 2*)

"No permit shall be granted for a dog which has not been vaccinated against rabies as provided in this section on said date, but not more than two years will have elapsed from the date of such vaccination to the time of the expiration of the license to be issued, unless stated upon the certificate that the vaccination is effective for at least three (3) years. Vaccination shall be performed only by a doctor qualified to practice veterinarian medicine in the state in which the dog is vaccinated and the applicant shall present a certificate from a qualified veterinarian showing that the dog to be licensed has been given a vaccination against rabies and the date on which said vaccination was administered."

### REMINDER

All wood piles containing elmwood with bark intact must be disposed of by April 1. You may want to make sure that you burn up all the elmwood in your woodpiles by that date or, if you wish to keep the wood longer, the bark must be stripped off to render it safe. Otherwise, the wood will need to be taken to a diseased wood disposal site. Call Igor Fejda at 770-4558 if you have any questions or if you want to know where to take your elmwood.

## OPERATING YOUR WOODBURNER

Heating with wood seems simple enough. You hook up your stove (following prescribed safety standards and guidelines) to a good safe chimney, throw in a little wood, and the "heat's on". For the most part the foregoing statement is true, but proper operation of the stove, learning how to make it heat best and most efficiently, is something that will take most woodburners some time to master. The following tips may save you time and trouble.

In the first place, the quality of the fuel you use is important. Moisture content and density are the most important factors. Moisture levels around the 20% level are desirable. This can be attained in Northern climates only after cutting, splitting and stacking wood 9 to 12 months before burning. Low density woods may dry a bit faster, ignite more quickly when dry, but will not hold fire as long as the more dense woods. Low density woods (soft woods such as pine, fir, cedar, etc. or hardwoods such as aspen, cottonwood and basswood), may be best used as kindling wood, or "hot burn" wood (day wood) whereas denser hard woods such as oak, hard maple, and hickory are the best woods for long burn, maximum heat output per load situations (night wood).

Assuming you have your wood supply in order, how you load your stove and use its controls become a great factor in its operation. The controls regulate the amount of draft that is available to your stove. They, along with the weather conditions (barometric pressure — wind, temperature, etc.), will dictate draft conditions, and will, in combination, affect the rate of burn of the wood. In other words, the same draft setting on different weather conditions will result in a different rate of burn.

The most significant problem, especially with air tight stoves and furnaces, occurs when fall or spring weather conditions are mild, but still cool enough to require heat in the home. When outside temperature levels are higher, and especially on low pressure days, very often chimneys won't draw well and often the result is a smoky stove. This can be a surprise to the new stove owner who has just installed his system, and can't wait for the cold weather to try it. It also causes concern to the housewife who feels she must look forward to a season full of a smoky house. Normally, if the installation is correct, all that's necessary is cooler weather and the system will work perfectly.

Another problem related to mild season burning of wood, is that the operator never opens up the draft controls far enough to get a good fire going. When the stove is loaded to its maximum level, and the draft's set wide open, a lot of heat will be released to the home and it gets too hot. Therefore, to combat this the stove burner sets the draft on low allowing the wood to smolder. This continues for several days and nights. It is reloaded infrequently because the slow rate of burn consumes wood at a very low rate. This type of operation results in the formation of large amounts of condensate in the stove pipe and chimney and sometimes causes dripping of creosote laden water into the home. This usually results in an increasing buildup of creosote within the stove pipe and chimney walls. If people do not inspect and clean their systems, the first cold days of the season result in increased demands for heat, a better burning fire, and possible ignition of the creosote in the stack. This often results in the most severe problem of improper operation — a chimney fire!

No stove is immune to causing creosote build-up. If large loads of wood are burned slowly for long periods of time, creosote will be produced. Even dry wood, when burned at a low rate will cause creosote formation, although problems are compounded by unseasoned wood.

The solution to the problem is simple. During mild periods burn smaller, hotter fires with shorter burn times. Load the stove more frequently, with less wood, let the fire go out when comfort levels are attained. Many knowledgeable wood burners never have sustained, continuous burning in their system until the weather gets cold — usually after Thanksgiving time. The short burn, small load season begins again in the spring — around the first part of March.

If you do operate an airtight stove, in any season, for sustained periods — 10 to 20 hours or more of slow, low burn rate, it is probably a good idea to conduct a "hot burn." This means a small load of low density wood — split a bit finer than normal burning sized chunks, burned at a high rate with draft open. If this is done every day — for 10 to 20 minutes or so, depending upon the type and length of chimney, cleaning the chimney and stove pipe may never be necessary. However, it is important to regularly inspect your system, so that you know it is clean. Inspect your system twice a month. Cleaning should take place when  $\frac{1}{4}$ " or more creosote buildup is present.

Remember that safe and effective wood burning takes a bit of skill and common sense. Expect to take sometime to learn your system's intricacies. As you learn to operate your unit well it will serve you well and wood burning will be an economic, safe and enjoyable pastime for you.

# Gasoline is Made

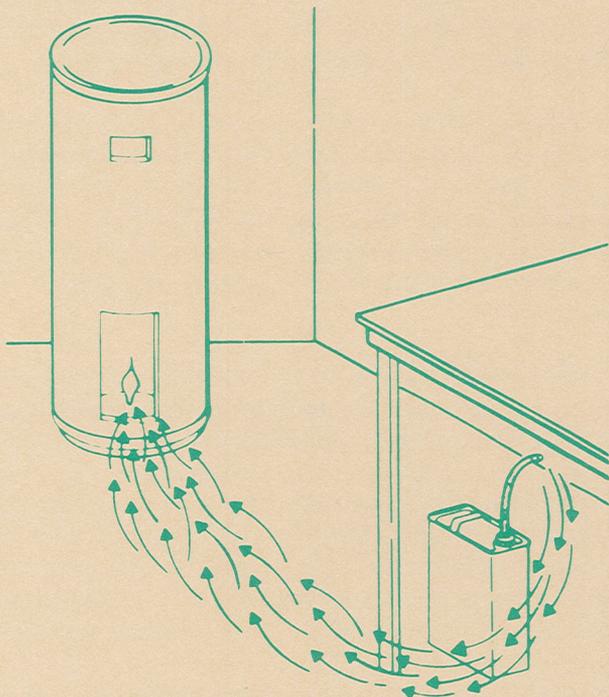

## GASOLINE IS EXTREMELY DANGEROUS

Its vapors are heavier than air and can flow invisibly along the ground and be ignited by a flame or spark from a considerable distance.

Carrying gasoline in the trunk of the car is a dangerous practice! If you store gasoline in the trunk of your car and are hit from the rear, there can be a fatal explosion.

The U.S. Consumer Product Safety Commission recommends:

- Don't store gasoline in the trunk of your car.
- Don't store gasoline in your house, even if it's in a safety can. Keep it away from your living quarters, in a well-ventilated area.

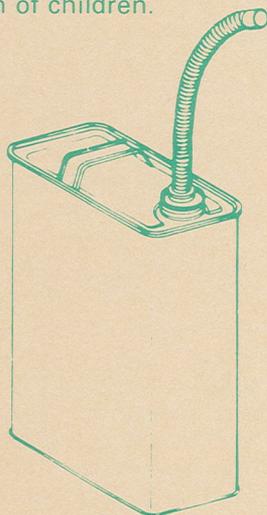

## THERE IS NO SAFE WAY TO STORE GASOLINE IN YOUR CAR OR HOUSE

- Never use gasoline around any ignition source, such as matches, pilot lights, cigarettes, stoves, heaters, or electrical equipment.

# to Explode!

- Never keep gasoline in glass bottles. If you must store gasoline, store it only in approved safety cans which have flame arresters and pressure-release valves.
- Do not siphon gasoline by mouth. If it gets in your lungs, a few drops can kill you. If gasoline is accidentally swallowed, do not induce vomiting. Call a physician immediately.
- Keep gasoline locked up and out of the reach of children.

## THIS IS NOT A SAFETY CAN

## THIS IS A SAFETY CAN, BUT ONLY WHEN IT'S STORED AND USED PROPERLY

Flame arrester  
and pressure-  
release valve

## FIREPLACES

The U.S. Consumer Product Safety Commission estimates that each year over 6,000 people receive hospital emergency room treatment for injuries associated with fireplaces. Most of these injuries are cuts and bruises caused by handling wood, andirons and other equipment. But the most serious injuries are burns, and most of the victims are children.

Five-year-old Steve was standing too close to the fireplace and his clothing ignited. He received serious burns over 80% of his body.

A spark from an unguarded fireplace ignited a small carpet. The fire spread to a nearby sofa and soon engulfed the entire room. Two people died in the fire.

Mr. Allen used gasoline to "stoke" a smoldering fire in the fireplace. The flammable vapors exploded, and he was burned severely.

After starting a fire in a poorly ventilated fireplace, Lois threw in some wrapping and polystyrene which had been used as packaging. The polystyrene produced so much carbon monoxide that Lois fell unconscious and died from the poisonous gas.

The typical accident patterns associated with fireplaces include:

1. *Clothing ignition* from the open flames.
2. *Sparks from the fire landing on nearby flammable material.*
3. *Using flammable liquids to kindle or rekindle the fire.* It is hazardous to use flammable liquids anywhere near the fire because the vapors can travel to the flames and be ignited.
4. *Carbon monoxide poisoning* caused by inadequate ventilation.

The U.S. Consumer Product Safety Commission offers the following suggestions for the safer use of fireplaces:

- Check to make sure the fireplace was constructed to be used as a fireplace, not just for decoration. Have it inspected to determine whether it has all necessary linings and clearances.
- Don't use gasoline or other flammable liquids to kindle or rekindle a fire because the flammable vapors can explode. Never use fuels near a fire; explosive vapors can travel the length of a room.
- Always keep the damper open while the fuel is burning to provide for efficient burning and to prevent the accumulation of poisonous or explosive gases.
- Don't use coal, charcoal, or polystyrene packaging in a fireplace unless the fireplace is well-ventilated.
- Don't treat artificial logs (made from sawdust and wax) the same way you treat real wood logs. Use only one at a time — if you use more, they can produce too much heat for some fireplaces to withstand.
- Always use a screen that completely covers the opening around a fireplace to keep sparks from flying out. Don't put combustible materials, such as carpets or furniture, near a fireplace.
- Keep children away from the fire because their clothing can easily ignite. Warn the entire family about this hazard.
- Check fireplaces regularly (at least once each year) to determine that all vents and chimneys are operating properly.
- Be sure that all ashes have thoroughly cooled before you dispose of them.
- Make sure the fire is out completely before retiring for the evening.
- Use chimney guards. Squirrel and bird nests can stop up chimneys.

# MAPLEWOOD COMMUNITY SERVICES

## COMMUNITY GARDEN PLOTS

Maplewood Community Services Department will be offering garden plots for rent. The plots will be located at the Maplewood Heritage Center, 2005 Edgerton Street, adjacent to Edgerton Elementary School. The plots measure 15' x 15' and will be assigned on a first come, first serve basis. Maplewood residents will have first priority from Monday, April 2 through Friday, April 6. Sign-up will then be open to any interested gardener beginning Monday, April 9. The City will stake and till each garden plot and have them ready for planting on Saturday, April 28, weather permitting.

The cost for the plot including tilling, staking, and water for the summer is \$6.00 for each plot. In addition to the fun of Community Gardening, special seminars may be planned throughout the growing season.

Registration can be done by stopping by the Community Services Office in City Hall at 1380 Frost Avenue. For more information call 770-4570.

## GROWING GROCERIES SEMINAR

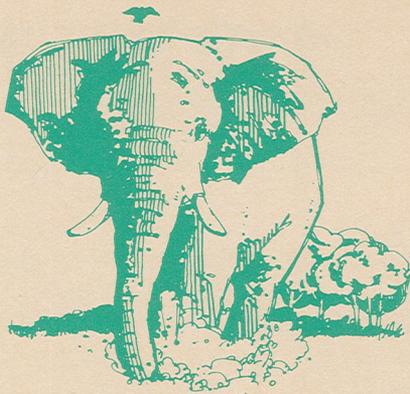

Get more from your vegetable gardening efforts. The seminar, sponsored by the Ramsey County Extension Service, will emphasize: planning the garden, seeds and plant selection, soil preparation, how to grow vegetables, fertilization, organic gardening, and pest management.

Seminars will be held at 7:00 p.m. at the following locations:

Tuesday, March 20, 1979  
Chippewa School  
5000 Hodgson Road  
Shoreview

Thursday, March 29, 1979  
Parkview Jr. High School  
701 West County Road B  
Roseville

To register or for more information call 777-8156.

### GALS GET-A-WAY

March — The month of March shall prove to be very eventful with a trip to the Chanhassen Dinner Theatre to see the performance of "Camelot." The date scheduled for this event is Wednesday, March 21. Total cost for the trip is \$13.00 per person (includes bus transportation, theatre ticket, luncheon, tax and tip). Pre-registration is required.

April — April's trip shall prove to be very enjoyable. We shall leave Maplewood and tour the new zoo in the coolness of the morning to observe animals in their natural habitat. We shall tour the zoo for approximately three hours. Lunch will be at the Shakopee House. We shall stop in Shakopee for some shopping time before returning home.

15  
A 10.

### WOMEN'S BRIDGE CLUB

If you would like a relaxing morning of cards and conversation — the Women's Bridge Club is for you! The group will meet the first and third Friday of each month at the Gladstone Community Center Library. (Frost & Manton Ave.) Each session will begin at 10:00 a.m. with coffee furnished. The fee is 50¢ per person per session — payable at the door. For more information, contact the Community Services Office at 770-4570.

### T-SHIRT SALE

The Community Services Department will be holding a T-shirt sale on Saturday, March 31. Here's your chance to stock up on T-shirts for the summer. A variety of Maplewood program T-shirts for youth will be sold for only \$2.00 each. The sale will be held in the City Hall Council Chambers from 10:30 a.m.-12:00 noon. Plan to come early as there is only a limited number of sizes and types of shirts.

## THURSDAY MORNING ROAMERS

**Curious?** The Thursday Morning Roamers are a group of individuals who enjoy walking and would like to increase their weekly physical exercise. We have several walking trips scheduled for various areas of Maplewood and outlying areas beginning April 5, 1979.

An information session will be held on Tuesday, March 20 at City Hall, 7:30 p.m. For more information on the Thursday Morning Roamers, please contact the Community Services Office at 770-4570.

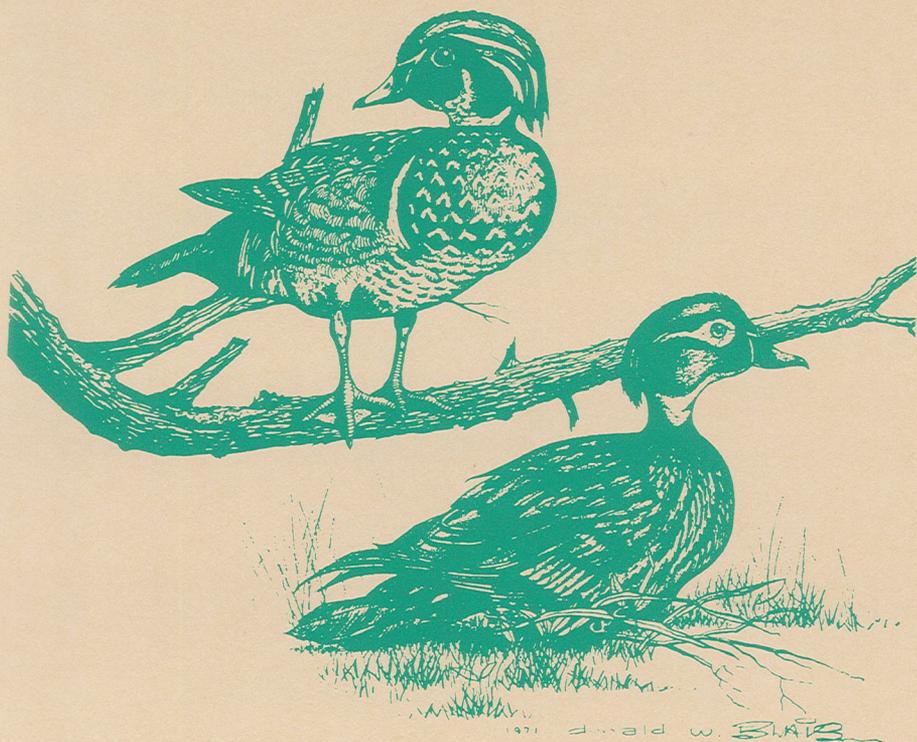

## GO OUT ON A LIMB FOR MAPLEWOOD

The City of Maplewood has purchased a tree moving machine and is on the outlook for trees to be transplanted into City Parks. If you would like to donate a tree, we have a park for you. The following points should be considered before donating a tree:

1. Maximum size of 4'5" diameter is the biggest tree we can accept.
2. A tree must be at least 5' from any building.
3. Optimum transplanting time is May & June.
4. The truck is 35' in length, and 8' wide, and 7'6" high and weighs 3 tons.
5. We cannot accept diseased trees.

If you are interested in donating a tree or trees for the Parks of Maplewood, please call 770-4570, and one of our staff will visit your home to determine if we can move the tree.

By donating your tree, you will save the time and effort of removing the tree yourself or paying to have it removed. You will also receive a great deal of satisfaction from knowing your gift is being enjoyed by others. We will begin moving trees as soon as the ground has thawed and it is dry enough to work on without damage to the turf.

**MAPLEWOOD NATURE CENTER**  
**Y'owl Come Out!**

**BEAVER AND MUSKRAT: WHAT'S THE DIFFERENCE? —**  
Saturday, March 10 — 9:30-11:30 a.m.

Compare our two friends, the beaver and muskrat. Is their food, shelter, habits, physical characteristics or location different or the same? Examine through illustrations (live mounts, skulls, fetuses, etc.) each of these two mammals. Take a hike with the naturalist and examine the shelters. Come back inside and enjoy our special feature movie, "World of the Beaver."

**(All ages — limit 25)**

**MAPLE SUGAR MOON —** Tuesday, March 13 — 8:00-9:30 p.m.

Take a moonlight hike with the naturalist. Enjoy the beauty of light and shadow, look for tracks of mammals roused by the coming spring, and listen to Indian stories of the season.

**(All ages — limit 15)**

**WORLD IN A MARSH** — Saturday, March 31 — 9:00-11:30 a.m.

Take a hike around the marshes with the naturalist. Watch for returning waterfowl. Listen to the mating sounds of the toads and frogs and dip into the waters and find the variety of spring life. Learn about the life and death cycle of the inhabitants by watching the movie "World in a Marsh."

**(All ages — limit 25)**

**VOICES OF A SPRING NIGHT** — Friday, April 6 — 8:00-9:30 p.m.

Courtship in the marshes and forest makes the night air alive with sounds. Bring a good listening ear and join the naturalist for a night hike. Explore the physical characteristics and habits of some fascinating creatures.

**(All ages — limit 15)**

**WATERFOWL WATCH** — Saturday, April 14 — 9:00-11:00 a.m.

The return of the waterfowl should be at its peak. Circle the marshes with the naturalist and try to identify the bird varieties by their physical appearance, behavior, flight pattern and call. We may even witness courtship display. A thirty minute film "The Wood Duck's World" follows the hike.

**(Age 11 to Adult — limit 15)**

**SIGNS OF SPRING** — Saturday, April 28 — 9:30-11:15 a.m.

Buds are breaking forth, birds are returning, the mammals, reptiles and amphibians are active. Come out for a spring hike with the naturalist and enjoy the beauty and life of the forest and marshes.

**(All ages — limit 25)**

**EARLY BIRDERS BIRD WATCH** — Saturday, May 12 — 7:00-9:30 a.m.

Warblers are on their migration north. Now is the best time to hear and view them. Come out and join us for a hike.

**(Adults — limit 15)**

There is no charge for these programs. Pre-registration is required; call the Nature Center at 738-9383.

Because of snow or mud, please wear waterproof boots. During day classes, binoculars would be beneficial.

All classes begin at the interpretive building located 1.5 miles north of I-94 and two blocks west of Highway 120 (Century Avenue) on E. Seventh Street, adjacent to Union Cemetery. The grounds are open from dawn to dusk. The interpretive building is open from 8:30 a.m. - 5:00 p.m., Monday through Saturday. Visitors are welcome anytime.

## HELP MAKE OUR OPENING GRAND!

The Maplewood Nature Center will have its grand opening this spring. We have a list of projects to be done in preparation for the BIG EVENT and we need your help.

Starting in March, we'll be working on trails and prairie restoration projects. In April and early May we'll be transplanting trees, shrubs and wildflowers. By the way, this year's Arbor Month Celebration gets under way on April 27 and this is yet another reason for you to help us with our spring planting. If *you* need help selecting a tree or need some planting or tree care tips, we will be glad to help.

Your new nature center is what you make it. It needs you to contribute your help and knowledge and we will all learn and have fun.

If you want to donate your time, trees, or thoughts call Chris, Jim or Megan at 728-9383.

We need the support of senior citizens, clubs, schools, individuals, couples — everybody!

## EASTER CELEBRATION

“Hop, Hop down” the Neighborhood Park Trail . . . and participate in the Annual Easter Celebration. It is time again for a fun filled afternoon of games, crafts, and contests on Saturday, April 14. All activities are free and designed for students, grades K-9.

Activities will begin at 1:00 p.m. and take place at the following Maplewood Parks:

Wakefield Park  
Edgerton Park  
Gethsemane Park

Four Seasons Park  
Afton Heights Park  
Maplewood Heights Park

Bring your friends for Easter crafts, contests, egg hunts, and a very fun afternoon!!! The above activities do not require pre-registration. **(Egg Hunt will begin at 1:30 p.m.)**

## T-BALL

The main goal of the T-Ball Program is to provide leisure time fun and teach the *basic* fundamentals of baseball. We believe this should be done in an environment where emphasis is placed on individual growth and not on the pressure associated with competitive athletics. Keeping this in mind, T-Ball games are played as controlled scrimmages. No official scorebook or standings will be kept and we ask that emphasis on winning or losing be kept to an absolute minimum.

Youth T-Ball is open to boys and girls, ages 6, 7 & 8 (nine year olds will be allowed to register provided they are not playing M.A.A. Baseball or Softball). Registration fee is \$7.00 per player, which includes a team shirt and baseball cap. Registration **deadline** is **April 27**. The program will be divided into two separate divisions this year; the **Knot-hole Division** will play regular T-Ball involving all the fundamentals of baseball using a batting tee rather than a pitched ball. The Knothole Division is structured for 6 & 7 year olds in their first years of experience in an organized baseball program. The **Pop-Up Division** will play T-Ball the first part of the season and then have a coach pitching the second part of the season. The Pop-Up Division is structured for 8 & 9 year old children that have several years experience in the T-Ball program. The main purpose of the Pop-Up Division is to provide an opportunity for the experienced T-Ball player to develop skills in learning how to hit a moving target, thus helping the transition from T-Ball to Youth Baseball.

Players will be called by their coach around May 19 as to what team they are on, where they will practice, and when their first practice will be. Controlled scrimmage games will be played on Monday and Wednesday evenings starting in June.

Leadership is provided by volunteer coaches. Parents are asked to become involved and encouraged to become coaches or assistant coaches. A program is only as good as the leadership displayed by those directly involved with the children. Therefore, we would greatly appreciate you volunteering to help us make this program a greater success. If you would like to help, or know of someone that enjoys working with children, please contact the Community Services Department at 770-4570. Without a sufficient number of coaches, it is the children who suffer the greatest loss. Additional coaches are still needed.

## SOFTBALL

The Community Services Department is now accepting registrations for the following softball leagues:

Men's Recreational Slow Pitch .....	\$155.00
Senior Boys Slow Pitch .....	\$125.00
Men's "Old Pro" Slow Pitch* .....	\$95.00
Co-Recreational "16" Slow Pitch .....	\$75.00
Men's "Over 30" Slow Pitch .....	\$155.00
Women's Recreational Slow Pitch .....	\$155.00
Men's Church League .....	\$95.00

*\*All players must be over 40 years of age.*

Registration deadlines are April 6 for Men's, Women's, and Senior Boys Leagues; April 20 for Men's "Over 30," "Church," and "Old Pro" Leagues; and May 4 for Co-Rec Softball. Leagues are limited in size, so register as soon as possible.

For more information regarding a specific league, call Community Services at 770-4570.

## UNSANCTIONED SOFTBALL LEAGUE

Two new leagues will be offered this year. They are Men's (Thursday) and Women's (Wednesday) unsanctioned leagues. Registration fee is \$50.00 per team. The unsanctioned softball leagues will operate as follows: the main purpose of the leagues is for fun exercise and recreation rather than on win/loss standing. Games will be very low-keyed where teams do not have to have uniforms if they so choose. Umpires will be non-sanctioned officials trained by our department. Their purpose will be to keep order and control of the game. Rubber throw-down type bases will be used.

All players must comply with the Maplewood Community Services certification system to play in this league. Games will comply with the one hour and fifteen minute (max.) time limit and no league playoffs are scheduled. No protests will be allowed. Field preparation and maintenance will be kept at a minimum. There will be no State Tournament. Manager's meeting will be announced at a later date. Registration deadline is April 6, 1979.

We hope this league will be a starter league for adults wanting to play summer softball, but not in a highly structured form.

## YOUTH BASEBALL AND SOFTBALL REGISTRATION

Maplewood Athletic Association (M.A.A.) will hold its Youth Baseball and Softball registration for grades 3 thru 12 from 6:30-8:00 p.m. on Mondays, March 19 and March 26. Registration will be held at the following locations:

- 1) Afton Heights Park Building
- 2) Hazelwood Elementary Gym
- 3) Beaver Lake Elementary Cafeteria
- 4) Gladstone Community Center
- 5) Edgerton Elementary Gym

Registration fees for all 1979 sports will be as follows:

**Family Membership Fee** — \$3.00 per year

**Sports Fee** (\$25.00 maximum/does not include family fee)

First child .....	\$10.00
Second child .....	\$8.00
Third child .....	\$5.00

Practices will start after coaches have been assigned and the weather has allowed for suitable playing fields. Games will begin the week of June 11. The final playoffs are scheduled for August 4 & 5. If you have any questions concerning any M.A.A. programs, please call the M.A.A. President, Jerry Ekblad, at 777-8381.

### M.A.A.

Maplewood Athletic Association is an independent youth organization administered and managed by volunteer parents and adults. The general membership elects a Board of Directors. The Board of Directors are a policy making body responsible for the smooth operation of all M.A.A. activities, which includes Boys Baseball, Basketball, Football, and Hockey, and Girls Softball, Basketball and Ringette for grades 3-12. The Board relies on countless hours of unselfish dedication from hundreds of volunteer coaches who give their time to the youth of Maplewood.

Needless to say, additional help is always needed, and appreciated, to maintain such a large organization. Any member or parent interested in taking an active part in helping M.A.A. to continue to grow, please contact Jerry Ekblad, M.A.A. President, at 777-8381 or attend a monthly Board meeting. Meetings are held the 2nd Tuesday of every month at 7:30 p.m. in the basement of City Hall, 1380 Frost Avenue. Help is needed in many more areas than just coaching. 1979 has been designated the "Year of the Child" and we ask your help to ensure its success.

## PROGRAM REGISTRATION INFORMATION

For additional information on all programs, contact the Community Services Office at 770-4570.

### All starred activities require pre-registration.

Be sure to double check the activity, day, starting time, and specific program instructions before registering.

### REGISTRATION

1. Registrations will be accepted until one week prior to the first session, unless noted otherwise. NO PHONE registrations will be accepted.
2. Complete registration form and return it with a check, payable to "City of Maplewood", to Maplewood Community Services, 1380 Frost Avenue, Maplewood, Minnesota 55109. (Hours: Monday-Friday, 8:00 a.m.-5:00 p.m.)
3. Where activities have limited space, they will be filled on a first come, first serve basis. Persons are not considered registered until their fee has been paid. Maplewood residents have first priority.
4. If an activity should fill up, a waiting list will be started. Please select a second session choice if applicable.
5. Instructors are not permitted to accept registration at the activity location unless otherwise noted in the brochure as a program that does not require pre-registration.
6. NO registration will be accepted for any activity after the second session. In addition, NO discount is authorized for late registration.
7. You will only receive further notification if the class is cancelled or changed.

### REFUNDS AND CANCELLATIONS

1. A full refund will only be made if requested at least 24 hours before the first activity session.
2. A \$1.00 service charge will be made on refunds after the first activity session is held. No refunds will be made after the second session is held.
3. The Community Services Office reserves the right to cancel any activity due to insufficient enrollment.

### TEEN OPEN GYM

The Teen Open Gym Program will be held at John Glenn Junior High School on the following Friday evenings throughout the Spring Season: March 2, 9, 16, 23, 30.

The program is open to all 7-12th grade students only! The gym is open from 7:00-9:30 p.m. Entry fee is 50¢ per person and is payable at the door. Various activities are offered — Come and Participate!

## ADULT SOFTBALL CERTIFICATION

Maplewood Slow Pitch team managers are reminded of the following special dates set aside for player certification:

Wednesday evenings — April 11 & 25 6:30 p.m.-8:00 p.m.

Saturday mornings — April 7, 21 & 28 10:30 a.m.-12:00 noon

Certification will take place in the upstairs Council Chambers at City Hall, 1380 Frost Avenue, Maplewood. All player certification must be done in person, before April 30.

## SOCCER CLINIC

The North East Soccer Association, in cooperation with the Maplewood Community Services Department, will be hosting its second annual spring indoor soccer clinic. The clinic, open to boys and girls in grades 2 - 9, will be run Saturday afternoons, April 7, 14, 21, 28, and May 5. The clinic will emphasize the fundamental skills of soccer through individualized instruction as well as the rules of soccer. The clinic will be held at John Glenn Jr. High, Maplewood Jr. High, and Tartan Sr. High Schools.

Registration will be held in the main lobby of the Gladstone Community Center (Frost and Manton) and the Oakdale City Hall (1584 Hadley Ave. N.) from 9:00 a.m. to 12:00 noon on March 24 and 31. Registration fee, which includes a T-shirt and instruction, is \$5.00 per person. For more information, call Gil Leiter at 770-3509.

# Maplewood has a New City Manager

Barry Evans

**Barry Evans** is our new City Manager, moving here from Miami, Florida, where he had been Executive Director of the South Florida CETA Consortium. Mr. Evans received his undergraduate degree summa cum laude from Thiel College in Greenville, Pennsylvania and in 1956 received a Masters Degree in Governmental Administration from the Wharton Graduate School, University of Pennsylvania. His past experience includes employment as City Manager for a number of communities and he also has published extensively.

# NEW EMPLOYEES

**Gilbert Laroche**

**Bruce Miller**

**Lewis Miller**

## NEW EMPLOYEES

**Gilbert Laroche** joined the Public Works Department staff as Building Maintenance Person on January 31, 1979. Gilbert has approximately 15 years experience in the building maintenance field.

**Bruce Miller** began employment as Public Works Coordinator. He has a well-rounded background in the municipal public works field and most recently was employed as Public Works Superintendent/City Administrator for the City of Jackson, Minnesota. Also starting February 26th, **Lewis Miller** is our new Field Inspector in the Community Development Department. He has approximately 15 years construction and contracting experience and was certified by the State of Minnesota in 1978 as a Building Official.

## **NEW DEVELOPMENT IN THE MALL AREA**

The property around the Maplewood Mall is being developed at a rapid pace. The most recent construction in the area has been a new Arby's Restaurant at the southwest corner of White Bear Avenue and County Road D, and the new Maplewood State Bank building at the southeast corner of Beam Avenue and White Bear Avenue.

In addition to these businesses, construction has nearly been completed at the new Maplewood Plaza north building at 2019 Woodlynn Avenue. Presently doing business at this location is the dentist office of Dr. Charles F. Kaminski, Jr. and Dr. Rodney G. Anderson, the Red Rooster Lounge, Postal Finance and Sarnia Home Furnishings.

The City Council has also recently given approval for the construction of these new developments around the Mall: Burger Chef, which will be located at the Northwest corner of White Bear Avenue and County Road D; Child World Toy Store to be located directly west of the Movies at Maplewood, and Wendy's Restaurant which is to be located directly to the south of the Movies at Maplewood.

## **LOW INTEREST HOME IMPROVEMENT LOANS**

Low Interest Home Improvement Loans are available from two local banks for Maplewood residents with an adjusted income of \$16,000 or less. The interest rate will range from 1% to 8%, depending on your income. For further information, contact Ted Seep from Eastern Heights Bank at 736-9968, or John Lusk from Hillcrest Mid-America at 770-3939.

## **MAPLEWOOD PROPERTY TAXES LESS THAN AVERAGE**

A Citizens League study reports that "an estimated net property tax of \$819 is the median tax on a homestead with a selling price of \$50,000 among 90 cities over 2,500 population in the Twin Cities area for taxes payable in 1979". The same report lists a comparable Maplewood bill of \$795 (for properties within School District #622) which ranks 55th out of the 90 cities included in the study. Last year Maplewood ranked 47th. (Properties within School District #623 would have a slightly lower tax bill and those within School District #624 would be slightly higher). The City of Maplewood receives \$137 of a \$795 tax bill in 1979. The remainder is distributed among the county (\$231), school district (\$390), and several metropolitan agencies (\$37).

## MAPLEWOOD SPRING CLEANUP CAMPAIGN

During the month of May 1979, the Maplewood Police Department will be conducting a citywide cleanup campaign. This campaign will involve patrol officers noting the location of accumulated debris, junk, unused vehicles, etc., and issuing a written police order to the owner of the property or the owner's agent, giving them ten (10) days time to remove or garage the items. Under City Ordinance, a vehicle is deemed to be unused if it is not currently licensed. Any unlicensed vehicle must be kept in a garage or other facility out of public view.

The campaign will apply to residences, businesses, apartment buildings, and complexes. Failure to comply with the written order will result in a summons being issued and a fine of up to \$300.

Please, let's all cooperate and make Maplewood a more attractive and safer place to live. Tell your neighbors about the campaign and urge them to cooperate.

### \$ REWARD OFFERED \$

On February 24, 1979, at about 11:00 p.m., a 1976 Ford Mustang parked on Ripley Street in the Gladstone — Wakefield Park area of Maplewood exploded. Investigation by Maplewood Police and Fire revealed a small homemade bomb had been placed above the gas tank and detonated by a delay fuse. The vehicle was a total loss. Due to the seriousness of this incident, the North Suburban Area Chamber of Commerce through their Crime Fund has authorized a \$200.00 reward for information leading to the apprehension of the person or persons involved. If you have information on this incident, contact the Chamber at 484-4644 or the Maplewood Police Dispatcher at 777-8191. Phones are answered 24 hours a day. Your confidentiality will be respected.

### RESOLUTION DESIGNATING ARBOR MONTH

WHEREAS, the City of Maplewood is proud of the beautiful shade trees which arch over our streets and homes; and

WHEREAS, the City of Maplewood is well known for its native woodlands that provide a serene and healthful setting for our lives; and

WHEREAS, shade tree diseases do threaten our shade trees with destruction; and

WHEREAS, the beautiful wooded lands that once existed are rapidly becoming deforested; and

WHEREAS, citizens all around the State of Minnesota are uniting to celebrate the benefits of our natural tree population and are planting new trees to make our cities and neighborhoods as beautiful as the wilderness areas which surround them; and

WHEREAS, this is a commendable effort that the people of this City would do well to join;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MAPLEWOOD that April 27th is hereby proclaimed as "Arbor Day" in the City of Maplewood and the month of May is proclaimed "Arbor Month"; and

BE IT FURTHER RESOLVED that the City of Maplewood calls upon the public spirited and foresighted citizens of this community to plant trees NOW for our pleasure and that of future generations.

## SMOKE DETECTORS

The statistics on the loss of life and property due to fire are grim. However, there is an inexpensive and dependable way to protect your home, yourself, and your family — smoke detectors. They provide a reliable early warning system in the event of fire.

### *How Do Smoke Detectors Work?*

Smoke detectors work by sensing the rising smoke from a fire and sounding an alarm. They can detect smoke far from the origin of the fire. Smoke detectors are most valuable at night — alerting family members to the presence of fire when they are asleep.

There are presently two types of smoke detectors on the market: the photoelectric smoke detector and the ionization chamber smoke detector. The photoelectric smoke detector uses a photoelectric bulb that sends forth a beam of light. When smoke enters the detector, light from the beam is reflected from smoke particles into a photocell, and the alarm is triggered.

The ionization chamber smoke detector contains a small radiation source that produces electrically charged air molecules called ions. The presence of these ions allows a small electric current to flow in the chamber. When smoke particles enter the chamber they attach themselves to these ions, reducing the flow of electric current. The change in the current sets off the alarm.

### *Is The Radioactive Material In An Ionization Chamber Detector A Hazard?*

No. Before smoke detectors containing radioactive materials are placed on the market, the U.S. Nuclear Regulatory Commission (NRC) performs a radiation safety analysis to make sure that the detectors meet safety requirements.

### *Which Detector Is Better, The Ionization Chamber Smoke Detector Or The Photoelectric Smoke Detector?*

Both types of detectors are equally effective in the home. If properly installed, they can provide adequate warning for the family. Some differences exist between the two when they operate close to the origin of the fire. Ionization detectors will respond more quickly to flaming fires. Photoelectric detectors will generally respond faster to smoldering fires. These differences, however, are not critical. The detector you buy should be approved by a major testing laboratory such as Underwriters Laboratories, Inc. (UL).

### *How Are The Detectors Connected?*

Smoke detectors can be connected two ways: by pulling wires through the walls or by a wireless system. Pulling the wires through the walls is a more permanent method and may require the services of an electrician. The wireless system operates on the same principle as home wireless intercoms. Either procedure is effective.

### *How Are Smoke Detectors Powered And Installed?*

Detectors are powered two ways: by batteries or by household electric current. Battery-operated detectors are the easiest to install. They require no outlets or connections to household wiring. However, the batteries must be replaced approximately once a year to keep the detector operating properly. The cost of replacement batteries is between \$2 and \$10.

All UL (Underwriters Laboratories, Inc.) approved battery-operated smoke detectors are required to sound a trouble signal when the battery needs to be replaced. This "chirp" signal usually lasts 7 days. If you are away from home for an extended period of time, it is advisable when you return to check your detector, according to manufacturer's instructions, to make sure the battery has not lost power.

Smoke detectors that operate on household current can be powered two ways. The detector, equipped with a 240-270 cm (8-9 ft.) electrical cord, can be plugged into an existing wall outlet. A detector powered this way should not be operated with an on-off switch, as it may be accidentally turned off. It can also be wired permanently into your home's electrical system. This procedure requires an electrician, and the cost is usually between \$25 and \$50.

### *Will A Fire Disable A Detector That Is Wired Directly To The Household Electrical Power?*

A fire in the home electrical circuit that would interrupt power to a smoke detector is a remote possibility. If an appliance, such as a TV set in the living room, starts the fire, a smoke detector located outside the bedroom area should sound an alarm before the fire reaches the electrical wiring. This is particularly true if the TV set and smoke detector are on different circuits.

### *How Do I Get The Best Service From My Detector?*

Dirt, extreme changes in temperature, and cooking exhaust smoke can cause a false alarm or a malfunction of a smoke detector. To prevent false alarms, locate the detector away from air vents, air conditioners, and fans. Keep the grillwork of the detector free of dirt by dusting or vacuuming regularly. Check and replace batteries periodically. Test your detectors every 30 days by using the test button, if provided, or by blowing smoke into the unit.

### *What Do I Do If The Alarm Goes Off?*

The best fire detection equipment can only tell you that there is a fire. All fire alarms should be used with a family escape plan. A smoke detector in working condition will usually give you at least 3 minutes to evacuate the house. Fire drills should be held so that all family members know what to do. Each person should be aware of all escape routes in the home, including bedroom windows. Do not try to fight the fire yourself. Choose a meeting place outside so you'll know everyone in the house has escaped. Don't stop to call the fire department from your home — use a neighbor's phone.

... continued on next page

## *Where Is The Best Place To Install My Detector?*

Because smoke rises, the best place to install a detector is on the ceiling or high on an inside wall just below the ceiling. However, if the ceiling is below an uninsulated attic or in a mobile home, the detector should be placed on the wall 15-30 cm (6-12 in.) below the ceiling. In a multi-level air-conditioned home, a detector is needed on each level. On the first floor, the detector should be placed on the ceiling at the base of the stairwell.

**Sleeping Areas.** Detectors should be installed close enough to the bedrooms so that the alarm can be heard if the doors are closed. Do not install a smoke detector within 92 cm (3 ft.) of an air supply register that might blow the smoke away from the detector. A detector should not be installed between the air return to the furnace and the sleeping area as the smoke will be recirculated and diluted resulting in a delayed alarm (see diagrams at right). If you usually sleep with your doors closed, you might consider installing an additional detector inside the bedroom. If a fire starts in the bedroom, the detector inside that room will respond faster than the one in the hallway.

**Basement.** The detector should be located on the basement ceiling at the bottom of the stairway for the best protection.

### *If I Have A Detector In The Basement Will I Be Able To Hear It In The Bedrooms?*

If you are sleeping, it may be difficult to hear a detector located away from the bedroom area. If you are installing more than one detector, consider purchasing units that can be interconnected. That way, when one unit detects smoke, all detectors will sound an alarm.

*\*For further information contact the Fire Marshall at 770-4546.*

## **GLADSTONE FIRE DEPARTMENT RECEIVES PREVENTION AWARD**

The Gladstone Fire Department of Maplewood recently received the Ranger Insurance Company Award issued to a fire department in the state annually. This award was for excellent service rendered in protection and safety to the Texgas Corporation of Maplewood. The Gladstone Fire Department offered training in emergencies and fire prevention to Texgas, 1840 English St., which has 96,000 gallons of liquified petroleum on their site.

The award was accomplished through the Minnesota Liquid Petroleum Gas Association and the management of Texgas Corporation.

A monetary award from the Ranger Insurance Co. went to the Gladstone Fire Department.

## DUTCH ELM AND OAK WILT — AGAIN?

YES, neighbors, it IS that time of year again!

It's another season of having tree inspectors prowling around your back yards, of coming home to find a red ring around your favorite tree (knock on wood!), or of being awakened to the bone-jarring sound of a chain saw outside your bedroom window.

Oh No! — "Why doesn't the City busy itself with something more productive and less annoying," you might be saying to yourself, "after all, we're going to lose all those elm trees anyway." "Let the trees die in peace and give me some peace, as well."

Well, folks, last year, for the first time since we started our sanitation program back in 1974, our losses were down. In 1978, we lost 1300 trees as compared with the 5000+ that we lost in 1977. Other communities around the Twin City area that have tough and thorough sanitation programs, such as ours, have also begun to experience a drop in tree losses.

Sanitation works. Today, over 80% of our elms are alive and well. If we can keep our tree losses on the decline, or even at last year's level, we will save the majority of our original elm tree population.

We need not experience the barren landscape of a Des Moines, Iowa. And, an effective sanitation program that spreads our tree losses over a long period of time will save money by avoiding the need to remove all of our trees at one time.

You made our program successful in the past and your cooperation was invaluable in helping us locate all the diseased and hazardous trees in our community. We again ask for your cooperation to assure another successful year in our fight to control Dutch Elm and Oak Wilt.

First thing, this spring, our tree inspectors will begin looking for wood piles containing elm logs with bark attached. If you have any such elm wood please burn it up in your fireplace or strip the bark off, if you want to keep it. If our tree inspectors find any elm logs with bark intact, they will mark the logs for disposal by our City contractor and bill the cost to the homeowner. Do not transport elm logs with bark intact to your cabins because, for one, you would violate State quarantine laws and you could be charged a stiff fine if caught, and, secondly, elm logs, even if not diseased, could harbor elm bark beetles, and moving them will spread the disease to other areas (this is how we got the disease from Europe).

Our tree inspectors will have information on where you can dispose of elm wood or you can call us at 770-4558 for the information. Thank you.

# Summer in the Parks Maplewood Style

Maplewood Community Services will sponsor a variety of things to do this summer for your leisure enjoyment. The following pages describe many summer activities including athletic programs, special events, and programs for everyone from pre-schoolers to senior citizens! Those activities that require pre-registration are starred; please refer to the registration information at the back of this brochure. Besides these scheduled activities, the staff can suggest many other places to visit and things to see or do this summer. Feel free to give us a call at 770-4570 and have a super summer.

## MAPLEWOOD PARKS AND RECREATION COMMISSION

The City's Park and Recreation Commission is a nine member body appointed directly by the City Council of Maplewood. The Commission serves in all matters pertaining to public parks and recreation in the community today and works for the advancement of sound park and recreation planning for the future.

Bernard Grover — Chairman 1725 E. Laurie Road	777-9555
Joseph L. Fox — Vice Chairman 1821 N. Myrtle St.	777-6514
John Chegwyn — Secretary 1631 E. Sextant	777-4460
Marvin A. Mahre — Commission Member 2095 Prosperity Avenue	777-6463
Dean Sherburne — Commission Member 1078 Marnie St.	739-7480
Bonnie Qualley — Commission Member 2089 Beam Avenue	777-3492
Dennis Delmont — Commission Member 2996 Bartelmy Lane	777-6748
Donald E. Christianson — Commission Member 1111 County Road C	484-2529
Voya Piletich — Commission Member 2130 Arcade Street	774-6307

# MAPLEWOOD NATURE CENTER

## SPRING IS SPRUNG, THE GRASS IS RIZ I WONDER WHERE THE FLOWERS IS?

If you've been watching the 40 acres behind Union Cemetery, you've been noticing a change during the last two years. Since the Maplewood Nature Center moved into the neighborhood, the area has been fenced, cleaned up, erosion has been tackled, trails have woodchips and bridges are over low spots. Dumping, trapping, motorized vehicles, bikes and pets are prohibited. (Although it looks inviting to run your dog here, please don't. Dogs frighten and destroy wildlife, tear up the trails, leave unappetizing memoirs and scare people — especially the little ones on our program).

Our Interpretive Building is finished, too. Inside you'll find information about the plants and animals at the Nature Center. The Interpretive Building is open Monday through Saturday, 8:30-5:00 p.m.

Come any day during daylight hours and walk the trails along the marsh and through the hardwood forest. You can enjoy the quiet beauty of spring wildflowers or listen to the battle crys of warring red-winged blackbirds. If you're lucky, you'll get a glimpse of a short-tailed weasel or great-horned owl, or maybe you'll catch a raccoon watching you.

**OUR GRAND OPENING IS RAPIDLY APPROACHING — MAY 20 IS THE DATE. EVERYONE IS INVITED. We need your help to make this really a grand event.**

We are transplanting wetland and prairie herbs and grasses and woodland wildflowers into the Nature Center right now. We are also receiving nursery stock to plant around the Interpretive Building. If you want to give us a hand (no experience necessary!), call us and let us know if you'll help out, May 5 or May 12. The phone number is 738-9383.

We will also be growing prairie wildflowers from seed this spring and summer. These will be set outdoors when large enough. Anyone interested in growing some of these at their home and planting them later at the Nature Center?

The Maplewood Nature Center is a great way for you to get involved with your community. **SPRING OUT AND JOIN US.** Call Megan, Jim or Chris at 738-9383.

# TOUCH OF NATURE

**THURSDAY, JUNE 21**  
**7:30-9:30 p.m.**

**EARLY BIRDERS BIRD WATCH** — Saturday, May 12 — 7:00-9:30 a.m.  
While warblers are migrating north, hike the marshes and forest with the naturalist and try to identify the bird varieties by physical appearance, behavior, flight pattern and song. Bring your binoculars.  
(Adults — limit 15)

**WILDFLOWER WALK** — Saturday, May 26 — 9:00-11:00 a.m.  
Come out for a spring hike with the naturalist and discover and identify wildflowers of the forest and marsh.  
(Age 12 to adult — limit 15)

**MONARCH BUTTERFLY: MILKWEED TO MIGRATION** —  
Saturday, June 9 — 9:30-11:15 a.m.  
Take a hike and explore the world of the monarch butterfly and enjoy the thirty minute movie "Miracle of the Monarch."  
(Age 7 to adult — limit 20)

**TOUCH OF NATURE** — Thursday, June 21 — 7:30-9:30 p.m.  
Do you know your animal friends? Learn how animals interrelate in their environment and how they depend upon one another for survival. Join the 55 minute movie "Touch of Nature."  
(Age 7 to adult — limit 25)

## **THE INCREDIBLE EDIBLES** — Saturday, June 30 — 9:30-11:30 a.m.

Add diversity to your summer menu. Learn how to recognize and prepare these palate pleasers and “teas” your tastebuds wildly. (Age 12 to adult — limit 15)

There is no charge for these programs. Pre-registration is required; call the Nature Center at **738-9383**.

Because of snow or mud, please wear waterproof boots.

All classes begin at the Interpretive Building located 1.5 miles north of I-94 and two blocks west of Highway 120 (Century Avenue) on E. Seventh Street, adjacent to Union Cemetery. The grounds are open from dawn to dusk. The Interpretive Building is open from 8:30 a.m.-5:00 p.m., Monday through Saturday. Visitors are welcome anytime.

## **SPRING OUT! BE A PART OF THE MAPLEWOOD NATURE CENTER**

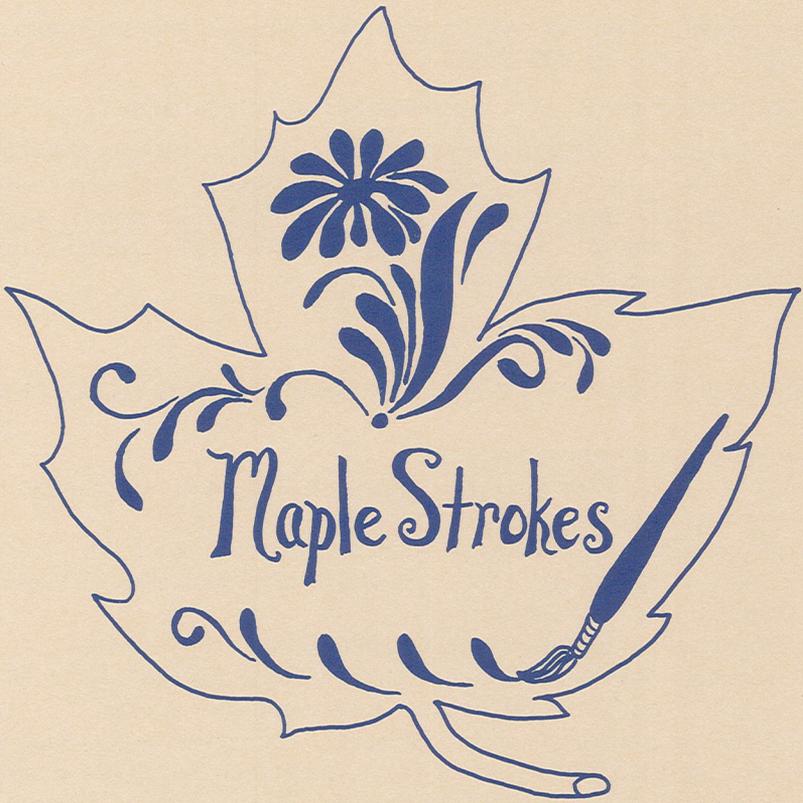

### **Have we got something for you!**

- We’ve got trails winding through marsh and oak forest great for hiking and photography
- We’ve got nature classes about every week such as “Incredible Edibles,” “Moonlight Hike,” “Owl Things Considered,” “World in a Marsh,” “Voices of a Spring Night”
- We’ve got pamphlets and books about nature for your use
- We’ve got answers to questions like “What’s this new bird in my backyard?” “What’s that bright star in the west after sunset?”
- We’ve got programs for school, scout, and community groups which stimulate an appreciation for nature and teach ecological concepts
- We’ve got projects to get you involved with the great out-of-doors

### **Have you got something for us?**

- Can you tell us about the history of the nature center and nearby areas? Did you walk here years ago? Take any pictures?
- Want to share your love of nature with others? Talk to us about being a trail guide!
- Have a special collection you’d like to exhibit to the community?
- Have nature books or magazines like Audubon Society, National Wildlife or National Geographic piling up?
- Have pelts or bones or anything else that might be good?
- Have teaching or exhibit materials?
- Have skills like carpentry?
- Have any plants in your yard you’d like to donate?
- Have time to help us transplant?
- Have ideas about what you’d like the Maplewood Nature Center to be?

**SPRING UP AND CALL US — 738-9383**

## MAPLE STROKES

- WHO:** Community residents interested in joining a Tole and Decorative Painting Club
- WHAT:** Tole and Decorative Painting Club to further knowledge, share ideas, share patterns, attend demonstrations.
- WHERE:** Maplewood Heritage Center, 2005 Edgerton
- WHEN:** The 4th Thursday of every month: 9:30 a.m.-10:30 a.m.
- For further information, feel free to contact the Community Services Office at 770-4570. New members always welcomed!

# Youth Activities

## PLAYGROUNDS

- WHO:** Boys and girls 6-14 years old  
(Children under 5 should be accompanied by an older person)
- WHAT:** Qualified playground leaders will be supervising such activities as songs, special events, crafts, games, and much more!
- WHEN:** June 18-August 10  
Mondays — 1:00-4:00 p.m. & 7:00-9:00 p.m.  
Tuesdays-Friday — 9:00-Noon & 1:00-4:00 p.m.
- WHERE:** Afton Heights Park  
Gethsemane Park  
Four Seasons Park  
Edgerton Park  
Wakefield Park (no Monday evening hours)  
Timber Park (Morning hours only)  
Maplewood Heights Park (Afternoon only)
- FEE:** No charge

## ARTS AND CRAFTS

- WHO:** Boys and girls 6-14 years old (children 6-8 should come the first 1½ hours of the session and children 9-14 should come the last 1½ hours of the session).
- WHAT:** Each week a mobile craft unit shall visit the parks with a special craft project that will help develop each child's creativity.
- WHEN:** June 18 — August 10
- WHERE:**
- |                   |                 |              |
|-------------------|-----------------|--------------|
| Gethsemane        | 9:00-12:00 noon | — Tuesdays   |
| Afton Heights     | 1:00-4:00 p.m.  | — Tuesdays   |
| Four Seasons      | 9:00-12:00 noon | — Wednesdays |
| Wakefield         | 1:00-4:00 p.m.  | — Wednesdays |
| Maplewood Heights | 1:00-4:00 p.m.  | — Thursdays  |
| Timber Park       | 9:00-12:00 Noon | — Thursdays  |
| Edgerton          | 9:00-12:00 noon | — Fridays    |
- FEE:** 35¢ per person for each 1½ hour session.

## PRIMARY PLAYERS\*

- WHO: Boys and girls, 4-5 years of age
- WHAT: Preschoolers will participate in games, crafts, songs, drama, stories, and field trips. Activities take place at local Elementary schools, June 18-August 10: 9:30-11:30 a.m.
- WHEN: Mondays — Hazelwood Elementary School  
Tuesdays — Carver Elementary School  
Wednesdays — Beaver Lake Elementary School  
Thursdays — Edgerton Elementary School  
Fridays — Gladstone Elementary School
- FEE: \$8.00 per child per session (\$10.00/child non-Maplewood resident)

## PLAYGROUND IN THE STREETS

- WHO: Boys and girls 6-14 years old  
(Children under 5 should be accompanied by an older person)
- WHAT: Two mobile play units will travel to various neighborhoods with playground equipment including softball, box hockey, water balloons, basketball, and many other special programs
- WHEN: June 18-August 10
- WHERE: **Mobile Unit #1**
- |           |      |  |
|-----------|------|--|
| Monday    | 1:30 | — Marnie & Crestview                   |
| Tuesday   | 9:30 | — Beaver Lake Trailer Court            |
| Tuesday   | 1:30 | — Maplewood Apartments                 |
| Wednesday | 9:30 | — Stanich & Price                      |
| Wednesday | 1:30 | — German & Craig                       |
| Thursday  | 9:30 | — Sylvan & Larpenteur                  |
| Thursday  | 1:30 | — Adolphus & Summer/Western Hills Park |
| Friday    | 9:30 | — Barclay, Laurie, Sandhurst           |
| Friday    | 1:30 | — Kohlman & Fitch                      |

### Mobile Unit #2

- |           |      |                                      |
|-----------|------|--------------------------------------|
| Monday    | 1:30 | — Brookview Court                    |
| Tuesday   | 9:30 | — Lions Park                         |
| Tuesday   | 1:30 | — Kennard & Rosewood                 |
| Wednesday | 9:30 | — Weaver Elementary School           |
| Wednesday | 1:30 | — Frank & Frisbie/Gloster Park       |
| Thursday  | 9:30 | — Lark & McMenemy                    |
| Thursday  | 1:30 | — Kenwood & Eldridge/Maplecrest Park |
| Friday    | 9:30 | — Lydia & Bartelmy/Playcrest Park    |
| Friday    | 1:30 | — Town & Country Trailer Court       |

- FEE: No Charge

## SPECIAL EVENTS PROGRAM\*

... continued on next page

Changes in this schedule will be announced and published in the Maplewood Review.

\*NOTE: For maximum enjoyment by all, we ask that dogs be left at home and bikes be parked to the sides of the audience area by the curb. Contests missed due to bad weather and show cancellation will be judged the following week.

Letters may be written to your favorite puppet if you wish. Please include a return address with the letter, and send it to Puppet Wagon, Maplewood Community Services, 1380 Frost Avenue, Maplewood, Minn. 55109.

Puppet Wagon T-Shirts will be available for \$3.00 each. They are available at City Hall, 1380 Frost Avenue.

The Puppet Wagon will be available this summer for special group performances. Applications are available in the Community Services Office.

### **BIKING IN MAPLEWOOD**

If you are interested in biking through the City of Maplewood or through area parks — get a bike route map from the Community Services Department. Enjoy the scenery and get together with your family and friends.

120 yard high hurdles	Joggers Mile
440 yard relay	

District and State dates and locations are not available at this time. For more information, call 770-4570 after May 15.

## ARCHERY\*

- WHO:** 10 yrs. to Adults
- WHAT:** Archery classes that will provide seven weeks instruction for the beginning shooter as well as the expert. In addition to regularly scheduled classes, a special field trip is planned. Classes will be divided into two sessions.  
Session #1 — Beginners    Session #2 — Advanced  
Class size is limited to 15 per session.
- WHERE:** Session #1 at Wakefield Archery Range on Tuesday at 6:00 p.m.  
& starting June 19
- WHEN:** Session #2 at North Suburban Archery Range (north of Sterling & Carver Avenue Intersection) on Thursdays at 6:00 p.m. starting June 21  
No activities scheduled during Fourth of July week. Schedule may change depending on the number of registrants in each class.
- FEE:** \$7.00 per session (Rain-outs will be re-scheduled).

## BOYS AND GIRLS T-BALL

The main goal of the T-Ball Program is to provide leisure time fun and teach the basic fundamentals of baseball. We believe this should be done in an environment where emphasis is placed on individual growth and not on the pressure associated with competitive athletics. Keeping this in mind, T-Ball games are played as controlled scrimmages. No official scorebook or standings will be kept and we ask that emphasis on winning or losing be kept to an absolute minimum.

Youth T-Ball is open to boys and girls, ages 6, 7 & 8 (nine year olds will be allowed to register provided they are not playing M.A.A. Baseball or Softball). Registration fee is \$7.00 per player, which includes a team shirt and baseball cap. Registration deadline is May 4. The program will be divided into two separate divisions this year: the Knot-hole Division will play regular T-Ball involving all the fundamentals of baseball using a batting tee rather than a pitched ball. The Knot-hole Division is structured for 6 & 7 year olds in their first years of experience in an organized baseball program. The Pop-up Division will play T-Ball the first part of the season and then have a coach pitching the second part of the season. The Pop-up Division is structured for 8 & 9 year old children that have several years experience in the T-Ball program. The main purpose of the Pop-up Division is to provide an opportunity for the experienced T-Ball player to develop skills in learning how to hit a moving target, thus helping the transition from T-Ball to Youth Baseball. REGISTER THROUGH MAPLEWOOD COMMUNITY SERVICES — 1380 FROST AVENUE — 8:00 a.m. to 5:00 p.m. Monday thru Friday.

Players will be called by their coach around May 19 as to what team they are on, where they will practice, and when their first practice will be. Controlled scrimmage games will be played on Monday and Wednesdays evenings starting in June.

Leadership is provided by volunteer coaches. Parents are asked to become involved and encouraged to become coaches or assistant coaches. A program is only as good as the leadership displayed by those directly involved with the children. Therefore, we would greatly appreciate you volunteering to help us make this program a greater success. If you would like to help, or know of someone that enjoys working with children, please contact the Community Services Department at 770-4570. Without a sufficient number of coaches, it is the children who suffer the greatest loss. Additional coaches are still needed.

## BASKETBALL CLINIC\*

Community Services Department will again be conducting a youth Basketball Clinic. The clinic is designed for both the beginning as well as the accomplished basketball player. Dick Robertson, North High Basketball Coach, will be the Clinic Director.

Program highlights will include a T-shirt for each participant, individualized instruction concentrating on the basic fundamentals of basketball. Small basketball balls and lower baskets for the 3, 4, 5 graders, and video tape camera will also be available to assist instructors. Special prizes and awards will also be given.

The clinic will run for four weeks (June 11-July 13) and will be divided into two sessions weekly. Participants must register for either Session 1 which meets Mondays and Wednesdays or Session 2 which meets Tuesdays and Thursdays. The clinic schedule will be as follows:

### Time

8:00-9:30 a.m.	Boys and Girls	3,4,5	Harmony Elementary
9:45-11:15 a.m.	Boys and Girls	6,7	John Glenn Junior High
11:30-1:00 p.m.	Boys	8,9	John Glenn Junior High
1:30-3:00 p.m.	Girls	8,9	John Glenn Junior High

Registration will be open from April 2 through May 18. You may register at the Community Services Office (1380 Frost Avenue) from 8:00 a.m. — 5:00 p.m. Monday-Friday. In addition, one special registration session will also be held on Saturday, May 19 at the Gladstone Community Center, Frost and Manton, from 10:00 a.m. to 12:00 noon. Registration fee for the entire clinic will be \$12.00.

## SEVENTH ANNUAL YOUTH GOLF TOURNAMENT\*

**WHO:** Boys & Girls, Ages 10-17 yrs. old

**WHAT:** Youth Golf Tournament. Participants must pre-register at the Community Services Office — Deadline July 20.

**WHEN:** Tournament will run Friday, July 27, 7:30-9:00 a.m. Tee-off time

**WHERE:** Goodrich Golf Course

**TOURNAMENT FEE:** \$1.00 due at Community Services Office, 1380 Frost Ave., on or before July 20. In addition to fee, tournament registrants must pay \$2.25 green fee on July 27.

# Tennis\*

Learn to play the popular game of tennis. The program is under the direction of Gary Tewinkel, a teacher and head tennis coach at North Senior High. All tennis students are eligible to compete in the Maplewood Tennis Tournament on July 21. Classes will be limited in size to allow for a higher quality of instruction.

## **Little Racqueteers Tennis Lessons (Daytime Lessons)**

Who: Beginning tennis lessons for elementary age boys and girls at least eight years old.

First Session — June 11-June 28

## WOMEN'S GOLF LEAGUE\*

**WHO:** Women, 18 yrs. old and over

**WHAT:** A Golf League for women interested in participating in a fun recreational program. In addition, a Women's Golf Club will be formed and special prizes will be awarded each week. Limited instruction will also be included.

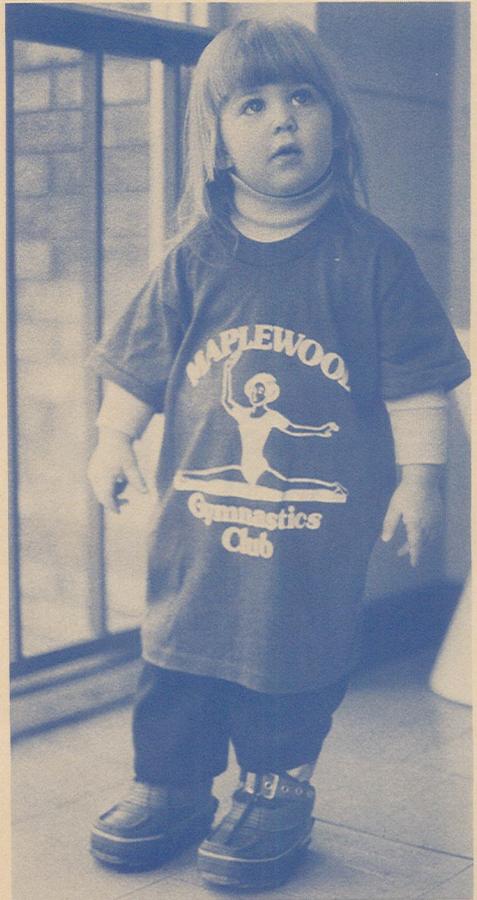

**WHERE:** League plays at Maple Hills Golf Course

**WHEN:** League plays Wednesdays, 8:00-10:00 a.m. starting May 30. Club membership fee is due by Wednesday, May 23.

**FEE:** Club membership fee is \$4.00 per person for the season, plus \$2.75 for weekly green fees. Registration is open April 2 thru May 23.

### T-SHIRTS

T-shirts are available through the Maplewood Community Services Office during office hours. Designs are from a variety of programs including "Come Out & Play," "Soccer," "T-Ball," and "Softball." The T-shirts come in different colors, youth sizes, and cost only \$2.00 each. The T-shirt season is in full swing, so pick up your T-shirts *now!*

## PROGRAM REGISTRATION INFORMATION

- For additional information on all programs, contact the Community Services Office at 770-4570.
- **All starred activities require pre-registration.**
- Be sure to double check the activity, day, starting time, and specific program instructions before registering.

### REGISTRATION

1. Registrations for all summer programs will begin Monday, May 7, until one week prior to the first session, unless otherwise noted. **NO PHONE** registrations will be accepted.
2. Complete registration form and return it with a check, payable to "City of Maplewood", Community Services, 1380 Frost Avenue, Maplewood, Minnesota 55109. (Office Hours: Monday-Friday, 8:00 a.m. - 5:00 p.m.)
3. Where activities have limited space, they will be filled on a first come, first serve basis. Persons are not considered registered until their fee has been paid. Maplewood residents have first priority.
4. If an activity should fill up, a waiting list will be started. Please select a second choice where applicable.
5. Instructors are not permitted to take registrations at the activity location unless otherwise noted in the brochure as a program that does not require pre-registration.
6. **NO** registration will be accepted for any activity after the second session. In addition, **NO** discount is authorized for late registration.
7. You will only receive further notification if the class is cancelled or changed.

### REFUNDS AND CANCELLATIONS

1. A full refund will only be made if requested at least 24 hours before the first activity session.
2. A \$1.00 service charge will be made on refunds after the first activity session is held. **NO** refunds will be made after the second session is held.
3. The Community Services Office reserves the right to cancel any activity due to insufficient enrollment.

# "Fourth of July Extravaganza"

## Wednesday, July 4

Maplewood's 8th Annual 4th of July Celebration will take place at Wakefield Park on Wednesday, July 4th. Activities will begin at 11:00 a.m. and conclude with a fireworks display at approximately 9:45 p.m. The days activities will include children's relay games and activities, band concert, puppet shows, games of skill, our famous "Maplewood Celebrity" dunktank, firework displays and softball tournament. Many local organizations will also have booths and activities planned for your enjoyment.

Whether you wish to be an active participant or an observer, bring the whole family and friends to Wakefield Park for a day you won't want to miss!

MAPLEWOOD

MOTION

VOL. 9 NO. 6

NOV.-DEC. 1979

happy holidays

A distinctive new color combination in Maplewood Police cars is appearing on our streets as the new vehicles are placed in service. The new squads are all white with a five-inch blue stripe on each side.

Many police agencies use stripes or other markings on their vehicles for cosmetic effect. The stripe you have been seeing on the new Maplewood Police patrol vehicles, however, has a significant purpose. We call it our "Response Stripe," and it represents our police officers' commitment to professional law enforcement by providing fast and effective service. It also serves as a hallmark of our renewed efforts to increase the spirit of partnership between the people we serve and protect and their Police Department.

Since we began, we have worked hard to provide the utmost in comprehensive service to our citizens as evidenced by our continuing patrol efforts, the Paramedic Program, Canine Program, School Liaison Program and, most recently, the Community Crime Prevention Program.

Maplewood residents may now easily recognize their distinctive patrol vehicles and be reminded of the willingness and commitment of their Police Department. We care — it shows on our cars.

# Helping You To Help Us

The Maplewood Police Community Crime Prevention Unit would like to help you provide the best in security and safety for yourselves, your loved ones and your personal property. We can do this by performing a premise survey on your home or business in Maplewood. We will send one of our professionals to your home or office, and they will check the building from front to back, noting windows, locks, lighting and other security deficiencies that may be present. We will furnish you with advice on how to protect yourself from becoming a crime statistic.

This service is free, and it is intended to provide a multitude of benefits. You will meet your police officers, give your family a secure and comfortable feeling, learn methods of narrowing the risks that you will be the victim of a crime that could have been prevented, and you will help us keep Maplewood a safe community.

If you would like to take advantage of the premise survey, or if you have any questions that we may answer, please feel free to call the Maplewood Police Crime Prevention Unit at 770-4535 or 770-4536. We will respond because we care.

## New Employee

**PAUL B. WEBBER** began employment with the City of Maplewood on September 17, 1979 as the Assistant to the Director of Public Works. He is joined by his wife, Gerlinde, and sons, Dan and Tom, from Yorktown, Virginia, where Paul recently retired from the U.S. Army after 20 years of managerial and staff assignments with the Corps of Engineers and Transportation Corps. He has a Bachelor Degree in Public Management from the University of Maine and Masters Degrees in both Business Administration and Public Administration.

# Make Yours A Safe Merry Christmas

At no season of the year does the word home take on more meaning than during the magic of the Christmas holidays. Lighted Christmas trees send their warm glow into the night, plumes of smoke spiral into the crisp December air from fireplace chimneys.

Safety rules for fire-free holidays are really very simple. Let's read them carefully, observe them faithfully, and make Christmas a happy memory as a prelude to a shining New Year.

## The Christmas Tree

Beautiful as it may be, your Christmas tree is a fire hazard. It becomes a more serious menace each day it remains in the dry atmosphere of your home. At the end of a week, it will be highly flammable. Safeguards:

1. Buy a fresh tree a short time before Christmas and store it outside with the base immersed in a bucket of water.
2. Cut off base of tree at a slight angle at least one inch above original cut. Keep tree standing in water during entire period it is in the house.
3. Remove it as soon after Christmas as you can.
4. Anchor tree firmly so that it cannot fall and block escape from the room.
5. Place tree well away from stoves, radiators, and other sources of heat.
6. Ask your family and guests not to light or smoke cigars, cigarettes, or pipes near the tree.

## Christmas Lighting

Even though electric lights have replace lighted candles on trees, other decorative Christmas candles are still taking their yearly toll of lives and property.

Open flame lighting is entirely out of place from a fire-safety standpoint. But if you do use candles, observe these rules:

1. Set candles well away from Christmas trees, window curtains, and burnable decorations. Lighted candles in the window may express a nice sentiment but they also are a serious fire hazard.
2. Make sure tree lighting sets bear the approval of the Underwriters' Laboratories, and install the lights so that metal tinsel and ornaments cannot come in contact with the lights and cause short circuits.
3. Should defective electrical equipment blow a fuse, never replace with a penny or other substitute. An overloaded circuit may start a fire in the walls. Be careful of the number of strings of lights you use so as not to overload a fuse of proper rating.
4. Do **not** place electric trains or other electrically powered equipment around the base of the tree. Metallic tinsel can fall on the track or device and cause a short circuit or flash which will ignite the tree or decorations around the base.

## Flammable Decorations

Santa Claus' whiskers have led to many a Christmas tragedy.

Untreated cotton batting and paper in costumes and decorations ignite easily and burn with intensity.

Elaborate decorations may be important to the gala season, but they are dangerous unless made of flameproofed or incombustible materials.

Flameproofed decorations can be purchased at many stores. Insist on them.

## Wrappings and Rubbish

Christmas wrappings burn like tinder and should be removed as soon as possible. If you burn them in an open fireplace, do so in small quantities and only if screen is in place. Better yet, avoid using the fireplace to burn the wrappings. See that they are taken out and dumped in a covered metal barrel or incinerator. Never store them in wooden or paper containers a minute longer than it takes to gather the wrappings together and get them out of the house.

## Toys

Be careful of heat-operated toys and new electrical gadgets if they do not bear the label of Underwriters' Laboratories, Inc. Avoid toys that require flammable liquid to operate them. Make certain that children's costumes and play uniforms are made of non-flammable materials. Do not let children use cap guns or sparking toys near the Christmas tree.

TO MAKE SURE YOU AND YOURS HAVE A MERRY CHRISTMAS AND A HAPPY NEW YEAR, may we suggest that you have all members of your family read this article.

## COURTESY REMINDER

With the snow season coming up fast, we wish to remind you that enforcement action will be taken by the Police Department for violations of the following City Ordinances:

**Chapter 403.060** — Parking of any vehicle upon any street or road for more than 30 minutes during the time intervening between a snowfall and the plowing of such snow is hereby prohibited.

**Chapter 403.070** — Parking of any vehicle upon any street or road for more than 2 hours between the hours of 2:00 A.M. and 6:00 A.M. is hereby prohibited.

It is beneficial to all citizens for the Public Works Department to be able to plow our city streets wide and clear, therefore any continued violation will result in the issuance of a court summons, or in emergency situations, the vehicle may be towed away. Help us in keeping your streets clear and safe this winter season.

# Forestry Tips

## WINTER TIPS

All maples, lindens, hackberries and locusts with smooth bark should be wrapped for the winter to prevent sunscald and frost cracks. Cracks in the stems of young trees invite infection and decay. Protect your young trees by wrapping the main stems of your trees with a commercial tree wrap or burlap. Start wrapping from the bottom up to shed water. Next spring, the tree wrap should be removed.

Apples, crabapples, cherries, plums, sumacs and winged euonymus (or spindle trees) are all highly favored by rodents. Hardware cloth (¼" mesh) around the stems will protect them from rodents but make sure that the screen is high enough to allow for the height of snow cover.

Last winter, many of our evergreens suffered winter drying and winter browning. These winter injuries can be prevented. Mulch evergreens to conserve moisture and increase soil temperature. Water adequately until frost sets in. And, lastly, if possible, provide shade from the winter sun. Susceptible evergreens such as arborvitae and yew should not be planted on the South side where they are exposed to the winter sun. Warm winds and winter sunshine in combination with frozen roots that are unable to take up soil moisture cause excessive water loss turning the foliage brown.

We encourage you to call us with your questions about plant problems at 770-4550. We will be glad to help.

## FIRE BLIGHT

FIRE BLIGHT is a serious problem in Maplewood. This is a bacterial disease that frequently attacks Mountain ash, crabapple, apple and pear trees.

Early symptoms of this disease are browning of the leaves near the top of the tree. The infection, if not halted, can spread through the vascular system and eventually destroy the whole tree.

Pruning out the infected portions of the tree is a recommended control measure. Saws and pruners should be sterilized after each cut with liquid bleach or alcohol because this disease can be transmitted by cutting tools from branch to branch and tree to tree. The branches and leaves removed from a diseased tree should be destroyed to prevent spreading the infection.

## ELMWOOD

Elmwood with bark intact may be stored and used for firewood until April 1st. At that time, we will inspect woodpiles for all elmwood with bark attached. Wood from *all* elms is hazardous. State regulations are getting stricter and we encourage all people to comply.

If you have a lot of wood make sure that you burn up the elmwood first. Any elmwood not burned must be debarked. Once the wood and the bark are separate, they are each safe and need not be burned or destroyed.

An easy way to peel the bark off of elm logs is to use an ice chipper. Make a chain saw cut the long way down a log, just cutting through the bark, then peel the bark off the log with the ice chipper.

Elmwood has interlocking, twisted grain which makes it difficult to split. It is easier to split if you start in from the edge of the log and work in, instead of trying to drive an axe directly into the center of the log.

## Community Services Department

### FREE HOLIDAY SKATING INSTRUCTION\*

Maplewood Community Services will be conducting a Free Beginning Skating Instruction for all boys and girls, 4-9 years of age. All instruction will be conducted during Christmas Break. Instructors to be provided by the U.S. Figure Skating Association.

All lessons will consist of three one-half hour sessions beginning Wednesday, December 26 through Friday, December 28.

Schedule as follows:

Location	Time
Four Seasons Park	9:30-10:00 a.m.
Wakefield Park	10:30-11:00 a.m.
Edgerton Park	11:30-12:00 noon
Afton Heights Park	1:00-1:30 p.m.
Gethsemane Park	2:00-2:30 p.m.

**Pre-registration is required although there is no fee for the program.** Class size is limited to 20 children per rink. Registration deadline will be December 14.

## Family Special

### DECEMBER 19, WEDNESDAY NUTCRACKER FANTASY — NORTHRUP AUDITORIUM

The excitement of Tchaikovsky's "The Nutcracker" is brought to life as the dancers of the Minnesota Dance Theatre and musicians of the Minnesota Orchestra present this popular ballet. The lavish sets and costumes create a colorful fantasy which enchants all who view.

Our departure shall be from Wakefield Park at 7:00 p.m. and approximate return at 11:15 p.m. The fee is \$10.00/person which includes the bus, admission and tax. Registration deadline is December 7. Space is limited, so register early for a special adult Christmas event.

## CREATIVE CHRISTMAS CAPERS\*

During Christmas Vacation, Maplewood Community Services Department is sponsoring several activities for community youth. Pre-registration is required by December 14. All activities are led by qualified, responsible staff.

### CAPER NO. 1 — MOVIES AT WAKEFIELD PARK

“Santa Workshop”, “Rushing Roulette”, “Hare Breath Hurry”, “Pinkadilly Circus”

Four Seasons Park	12:45	4:20
Timber Park	1:00	4:15
Wakefield Park	1:05	4:10

### CAPER NO. 3 — SKI TRIP TO SNOWCREST

WHEN: December 28

FEE: \$10.00/person

Bus Schedule	Pick-Up	Return
Wakefield Park	8:00	5:00

## GALS GET-A-WAY PROGRAM

**DECEMBER 5, WEDNESDAY**

**"CAROUSEL" AT THE CHANHASSEN DINNER THEATRE**

America's most moving musical, set in New England in the late 1880's is populated with sailors, whaler's, girls from the mills, carnival entertainers — people who are alive and lusty. The show is highlighted by beautiful dancing and glorious songs. Fee is \$13.50/person which includes luncheon, performance and coach bus. Departure from Wakefield Park at 10:45 a.m. with return approximately 5:45 p.m. Registration required. Limited space available.

**JANUARY 17, THURSDAY**

**"UPROAR IN THE HOUSE"**

**— OLD LOG DINNER THEATER**

A British farce comedy to be presented. Newly appointed member of Parliament has one more job to do before his job concludes — that being to sell a white elephant type of house. Play provides much good humor and plenty of laughter. Fee is \$13.00/person (includes luncheon at the Mai-Tai Restaurant on Lake Minnetonka, performance, coach bus, tax & tip). Departure from Wakefield Park at 10:00 a.m. with return approximately at 5:45 p.m. Registration required — Limited space available.

## WOMEN'S BRIDGE CLUB

If you enjoy playing bridge and meeting women of the community, plan on attending the Maplewood Womens Bridge Club. This club is strictly recreational! The club meets the first and third Fridays of each month at the Gladstone Community Center Library (corner of Frost & Manton Avenue). Each session will begin at 10:00 a.m. — with coffee furnished. The cost is 50¢ per session and is payable at the door (25¢ goes to the players "Kitty"). For further information, please contact Community Services at 770-4570.

## TEEN OPEN GYM

The Teen Open Gym Program will be held at John Glenn Jr. High School, 1560 E. County Road B, on Friday evenings throughout the winter season. Activities will range from volleyball, basketball, floor hockey, to music, cards and disco dances.

The program is open to all young adults, 7-12th grades. The gym will be open from 7:00-9:30 p.m. on Friday evenings. Plan to come and join the fun!

Fee will be 50¢ per person each session, payable at the door.

## TEEN DISCO DANCE SLATED

A Disco Dance is scheduled for November 16 at John Glenn Jr. High School as a special for Teen Open Gym. There will be dance contests, record giveaways and trophies awarded.

The doors will open at 7:00 p.m. to 10:30 p.m. with "non-stop" music. The fee is \$2.00 payable at the door. Plan to attend for a great night of dancing fun!

## TEEN SKI CLUB\*

The Maplewood Community Services Department will be sponsoring four ski trips the winter season to local ski areas. The single trip includes lift ticket, bus transportation and chaperones. Registrations are being taken at the Community Services Department, 1380 Frost Avenue. Registration deadline is one week prior to trip date. Pre-registration is required.\*

<b>December 28</b>	<b>— Snowcrest</b>	<b>— \$ 8.00</b>
<b>January 12</b>	<b>— Afton Alps</b>	<b>— \$13.00</b>
<b>January 21</b>	<b>— Wild Mountain</b>	<b>— \$10.00</b>
<b>February 19</b>	<b>— Birch Park</b>	<b>— \$ 8.00</b>

Departure from Wakefield Park at 8:00 a.m. and approximate return at 5:00 p.m.

# Skiing...

## AFTON ADDICTS

Afton Alps Ski Area presents the Afton Addicts, a ladies Ski Club for the 1979-80 ski season.

An Afton Addict is a lady who likes to ski and who likes to ski at Afton Alps Ski Area! The Club offers ladies discounts, special ski lessons, monthly newsletter, discount on rental package, social events, and discount at Afton Alps Ski Shop.

If interested in becoming an Afton Addict, plan on attending the Fall Special at Afton Alps Ski Area (Main Chalet), 11:00-2:00 p.m., November 14 or November 20.

For further information and reservations, please contact Dee at 436-5245 or the Community Services Department at 770-4570. **Reservations are a must!**

## THE SAINT PAUL SKI CLUB INC.

The St. Paul Ski Club located on Carver Avenue and Sterling Street would like to welcome young and old to become involved in their winter ski jumping program.

Beginning December 26 through 29, there will be a four day training camp where membership is not required. The camp runs from 9:00 a.m.-2:00 p.m. The only equipment required is ski boots as skis will be provided. There will be a minimal charge for daily lunch. The training camp is open to all skiers from beginners to the expert. Ski jumps vary in size from rabbit hill levels to 15, 25, and 40 meter hills.

Beginning January 4 the Junior Club (up to age 18) will schedule weekly Friday tournaments starting at 7:00 p.m. Membership in the Junior Club is only \$2.00 per year.

Open ski jumping is available on Monday, Tuesday, and Wednesday evenings from 7:00-10:00 p.m. at no charge.

A cross country touring trail is also open during the daylight hours, weather permitting. A parental permission slip is required for all those under 18.

The club will host the Central Division Senior Ski Jumping Championship on January 20 and the Central Division Junior Championship on February 12.

For additional information, contact the St. Paul Ski President, Rodney Olsen at 739-4730 or contact the area chalet located at 735-6751.

# Skating...

## YOUTH SPEEDSKATING

Maplewood Community Services Department in cooperation with Northern Lights Speedskating Club will be introducing speedskating to the youth of Maplewood — ages 5 through 16. The program will be designed to provide basic fundamental instruction with the major emphasis on the recreational aspect of speedskating. Participants will practice Tuesday evenings at Wakefield Park starting January 8 at 7:00 p.m. The registration fee is \$8.00 per youth, which includes a club sweatshirt. Registration deadline will be Friday, December 28.

For more information concerning the Northern Lights Speedskating Club, call Dave McGraw at 484-6132.

## FIGURE SKATING LESSONS\*

Figure Skating Lessons will be taught at the major rinks in Maplewood beginning January 7 and continuing for five weeks. The lessons shall consist of 45 minutes of instruction dealing with basic and advanced figure skating. Classes are limited to 20. Pre-registration is required by December 26. Fee is \$10.00/resident and \$11.00/non-resident.

Wakefield Park — Monday

Beginners — 6:30-7:30 p.m.

Advanced — 7:30-8:30 p.m.

Edgerton Park — Tuesday

Beginners — 6:30-7:30 p.m.

Advanced — 7:30-8:30 p.m.

Four Seasons Park — Wednesday

Beginners — 6:30-7:30 p.m.

Advanced — 7:30-8:30 p.m.

Gethsemane Park — Thursday

Beginners — 6:30-7:30 p.m.

Advanced — 7:30-8:30 p.m.

Afton Heights Park — Friday

Beginners — 6:30-7:30 p.m.

Advanced — 7:30-8:30 p.m.

## WINTER OUTDOOR SKATING

Outdoor skating rinks are located throughout the City of Maplewood which offer general skating and hockey facilities. Major and intermediate rinks have a heated warming house and a custodian. Major rinks are swept and flooded daily (weather permitting).

The major rinks will open, weather permitting, the week of December 9 and close February 24.

### Major Rinks

	Mon.-Fri.	Saturday	Sunday
Afton Heights Park — 63 N. Sterling	3:30-9:00 p.m.	10:30 a.m.-9:00 p.m.	1:00-6:00 p.m.
Edgerton Park — 1929 Edgerton	3:30-9:00 p.m.	10:30 a.m.-9:00 p.m.	1:00-6:00 p.m.
Four Seasons Park — 1685 Gervais	3:30-9:00 p.m.	10:30 a.m.-9:00 p.m.	1:00-6:00 p.m.
Gethsemane Park — 2410 Stillwater Rd.	3:30-9:00 p.m.	10:30 a.m.-9:00 p.m.	1:00-6:00 p.m.
Wakefield Park — 1590 Frost	3:30-9:00 p.m.	10:30 a.m.-9:00 p.m.	1:00-6:00 p.m.

The intermediate rinks will be open, weather permitting, the week of December 9 and close February 24.

### Intermediate Rinks

	Mon.-Fri.	Saturday	Sunday
Gladstone Park — Burke & English	6:30-9:00 p.m.	1:00-9:00 p.m.	1:00-5:00 p.m.

### Unsupervised Rinks

Lions Park — 618 Farrell St.  
 Playcrest Park — McKnight & Lydia  
 Timber Park — Burke & Atlantic  
 Western Hills Park — 1750 Adolphus  
 Maplewood Heights Pond — Beam & Frederick  
 Pleasant View Park — 1095 Marnie St.

Times do not reflect dinner hour and vacation scheduling. Weekday Christmas vacation hours will be the same as regular Saturday hours, starting December 24-January 1. Warming houses will be closed on Christmas Day and New Years Day.

# Saturday Classes...

## SATURDAY TMR FUN CLUB\*

A program for the Trainable Mentally Retarded (TMR) will begin a five week session on November 10 through December 15. The program is held at John Glenn Jr. High School from 12:00 noon to 3:00 p.m. and is available to youth ages 5-21. Fee for this five week program will be \$5.00/resident and \$6.00/non-resident. (Includes snacks, field trips, crafts). Pre-registration is required by November 7.

## PUPPET CLASS\*

An introductory course to Puppetry will be offered at John Glenn Jr. High beginning Saturday, November 10 for five weeks. This course is designed for elementary age children. Learn to design puppets and to perform skits.

The course is taught by Kathy O'Brien, Director of the Happy Wanderer Puppet Wagon and member of the National Puppeteers Association.

Fee is \$12.00/resident and \$13.00/non-resident for the five weeks. Class will be held noon to 2:00 p.m. Pre-registration is required by November 7. Class size is limited.

## SATURDAY GYMNASTICS\*

A five week Saturday Gymnastic Program will be held at John Glenn Jr. High beginning Saturday, November 10. Pre-registration is required by November 7. The registration fee is \$8.00/resident and \$9.00/non-resident for the five week session.

### **I — BEGINNING GYMNASTICS — Noon-1:00 p.m.**

For all boys and girls 5-8 years of age. This course is designed for students who have never taken gymnastics instruction.

### **II — ADVANCED GYMNASTICS — 1:00-2:00 p.m.**

For all students who have taken Beginning Gymnastics and can perform on beam and can do some floor exercises.

### **III — OPEN GYMNASTICS — 2:00-3:00 p.m.**

Open to all ages and designed for the more experienced gymnasts. This session provides time to work on routines and to develop skills on equipment.

## \*COME OUT & PLAY

As the mighty chilling freeze of winter comes upon us, our attention turns toward recreational activities to fill our leisure time. Community Services is offering a new season of "Come Out and Play" for elementary school children. Activities are led by well qualified, enthusiastic instructors who will help the children develop positive attitudes and skills in leisure use of time. The winter session will begin January 28, 1980 and run for eight weeks. Registration will be accepted until January 18, 1980. **\*Pre-registration is required.** (All classes are limited in size).

Activity	Grade	Cost	Presen- tation	Edger- ton	Weaver	Hazel- wood	Harmony	Carver	Beaver Lake
Kids Cooking	4-6	\$10.00	Mon.	Thurs.	Wed.	Tues.	Mon.	Wed.	Thurs.

Wrestling	3-6	\$ 8.00	Wed.	Tues.	Thurs.	Mon.	Tues.	Thurs.	Wed.
Arts & Crafts	1-6	\$ 8.00	Wed.	Thurs.	Tues.	Mon.	Wed.	Thurs.	Tues.
Instamatic Photography	4-6	\$ 8.00	Thurs.	Mon.	Tues.	Wed.	Thurs.	Mon.	Tues.

### CLASS TIMES: (All classes are eight weeks long)

Beaver Lake	3:10-4:10	Hazelwood	3:40-4:40
Carver	3:40-4:40	Presentation	3:10-4:10
Edgerton	3:20-4:20	Weaver	3:10-4:10
Harmony	3:10-4:10		

\*(Please be aware that there is no bus transportation provided after these classes are dismissed)

# Maplewood Nature Center Programs For Everyone!

**TRANSPLANTING PARTY** — Saturday, November 3 — 1:00 p.m. Want to save some wildflowers, beautify the Nature Center and learn how to transplant flowers in the process? We will be moving plants from areas scheduled to be lost to development. This will be a learn as-you-participate activity. (Age 12-adult, limit 15)

**WHERE HAVE ALL THE COUGARS GONE?** — Saturday, November 10 — 9:30-11:30 a.m. Mountain lions in Maplewood? Not any more! As you learn about cougars, you'll come to understand what things make a species threatened or endangered. (Age 8-adult, limit 12)

**HOMES, HABITATS AND HIBERNATION** — Saturday, November 17 — 9:30-11:30 a.m. Study strategies of animals and plants as they prepare for their confrontation with winter. You might want to try some of their battle plans yourselves. (Families, limit 12)

**HOLIDAY NATURE CRAFTS** — Saturday, December 1 — 9:30-11:30 a.m. Observe the many creative uses of cones, seeds, and other natural materials. Join us, and make your holiday decorations and gifts. (Age 12-adult; fee \$1.00/person, limit 10)

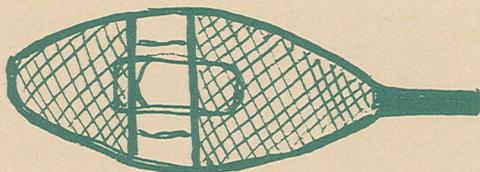

**WILDLIFE BABIES** — Saturday, December 15 — 9:30-10:30 a.m. Treat your youngsters to a film about animals and their young. Afterwards, children can explore the touch-and-feel table and see live animals in the building. (Age 4-6, adults must accompany children, limit 30)

**WINTER SURVIVAL** — Thursday, December 27 — 9:30-11:30 a.m. If you were stranded, could you survive? Learn practical tips on winter emergencies. Program includes film on hypothermia "By Nature Rules" and refreshments are included. (Age 12-adult; fee 50¢/person, limit 15)

**WINTER ECOLOGY** — Friday, December 28 — 9:30-11:00 a.m. During your Christmas vacation join us for a winter hike and learn to identify wildlife by their tracks and signs. Hike will be done on snowshoes if snow conditions are good. (Age 8-12, limit 21)

There is no charge for these programs, unless indicated. Pre-registration is required; call the Nature Center at 738-9383.

All classes begin at the Interpretive Building located 1.5 miles north of I-94 and two blocks west of Highway 120 (Century Avenue) and E. Seventh Street adjacent to Union Cemetery. The grounds are open daily from dawn to dusk. The Interpretive Center is open Monday through Saturday, 8:30 a.m.-5:00 p.m. Visitors are welcome anytime.

## **SNOWSHOE THROUGH FOR AN HOUR OR TWO — AT MAPLEWOOD NATURE CENTER, IT'S THE THING TO DO!**

For a minimum charge of 50¢ a pair, snowshoes can be borrowed to hike the wintery trails in the Nature Center. We request that you reserve snowshoes one day in advance, have one adult accompany every four children, and for each group a driver's license must be left with the Naturalist while snowshoes are being used.

Come bring your family and friends and enjoy the winter months.

## **HELP!**

Want to learn more about nature and share your enthusiasm for it with others?

We need trail guide volunteers, especially during the mornings and early afternoons. We will train volunteers, so trail guide experience or an extensive background in biology is not necessary. Experience working with children is helpful. Volunteering for four hours or more a week would be appreciated.

Give us a call — **783-9383** — to arrange a time to come out to the Nature Center. We'll show you around and tell you more about what is involved.

This may be what you've been looking for!

## PROGRAM REGISTRATION INFORMATION

- For additional information on all programs, contact the Community Services Office at 770-4570.
- **All starred activities require pre-registration.\***
- Be sure to double check the activity, day starting time, and specific program instructions before registering.

### REGISTRATION

1. Registrations will be accepted until one week prior to the first session, unless noted otherwise. **NO PHONE** registrations will be accepted.
2. Complete registration form and return it with a check, payable to "City of Maplewood", to Maplewood Community Services, 1380 Frost Avenue, Maplewood, Minnesota 55109. (Hours: Monday-Friday, 8:00 a.m. — 5:00 p.m.).
3. Where activities have limited space, they will be filled on a first-come, first-serve basis. Persons are not considered registered until their fee has been paid. Maplewood residents have first priority.
4. If an activity should fill up, a waiting list will be started. Please select a second session choice if applicable.
5. Instructors are not permitted to accept registration at the activity location unless otherwise noted in the brochure as a program that does not require pre-registration.
6. **NO** registration will be accepted for any activity after the second session. In addition, **NO** discount is authorized for late registration.
7. You will only receive further notification if the class is cancelled or changed.

### REFUNDS AND CANCELLATIONS

1. A full refund will only be made if requested at least 24 hours before the first activity session.
2. A \$1.00 service charge will be made on refunds after the first activity session is held. No refunds will be made after the second session is held.
3. The Community Services Office reserves the right to cancel any activity due to insufficient enrollment.

# GENERAL CITY ELECTION

City of Maplewood  
Ramsey County, Minnesota  
Tuesday, November 6, 1979

If you wish to vote in favor of the following propositions, mark a cross (X) in the square below the word "YES." If you wish to vote against the following propositions, mark a cross (X) in the square below the word "NO."

YES

"Shall the City of Maplewood be authorized to issue its negotiable coupon general obligation bonds in an amount not to exceed \$680,000 to defray the expense of the acquisition and betterment of a fire station and public works facility?"

NO

YES

"Shall the City of Maplewood be authorized to issue its negotiable coupon general obligation bonds in an amount not to exceed \$570,000 to defray the expense of the acquisition and betterment of a fire station?"

NO

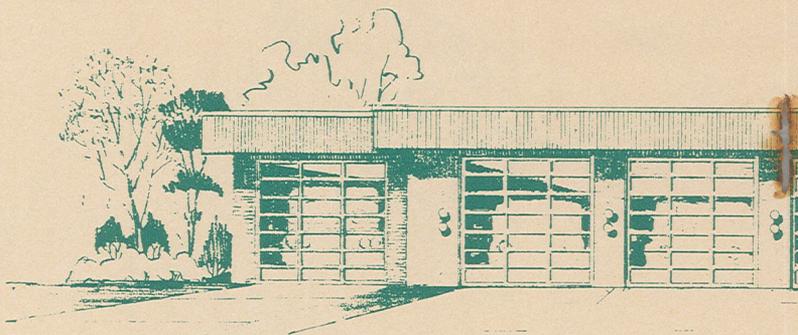

IF THE FIRST PROPOSITION PASSES, THE  
SECOND PROPOSITION BECOMES VOID.

## BOND REFERENDUM November 6, 1979

At the November 6, 1979 general election, the citizens will be asked to decide whether the City should build a fire station and satellite public works facility to serve the southern portion of the City of Maplewood.

The issue will be presented in the form of two questions on the referendum ballot. First, should the City finance the construction of a fire station with additional space to provide for the operation of a satellite public works facility. Second, should the City finance the construction of a fire station only. If the first proposition is approved, the second becomes void.

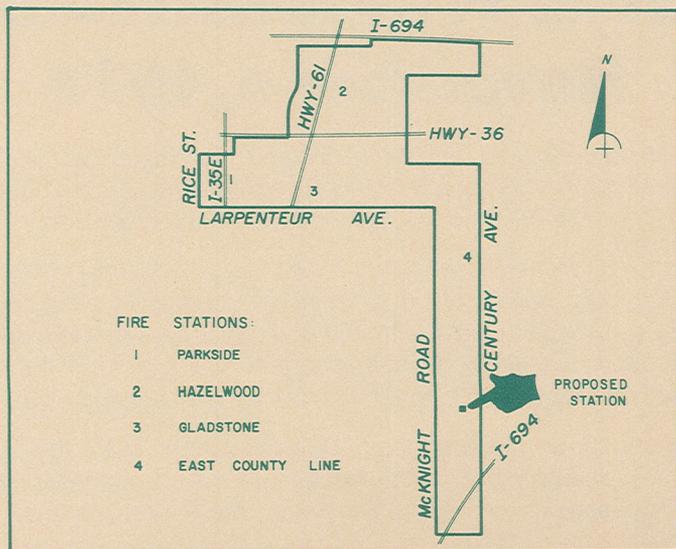

Simply, this means you may vote on both issues, but if the first issue passes, then the second will not be necessary. If the first question fails and the second passes, then only the fire station will be constructed.

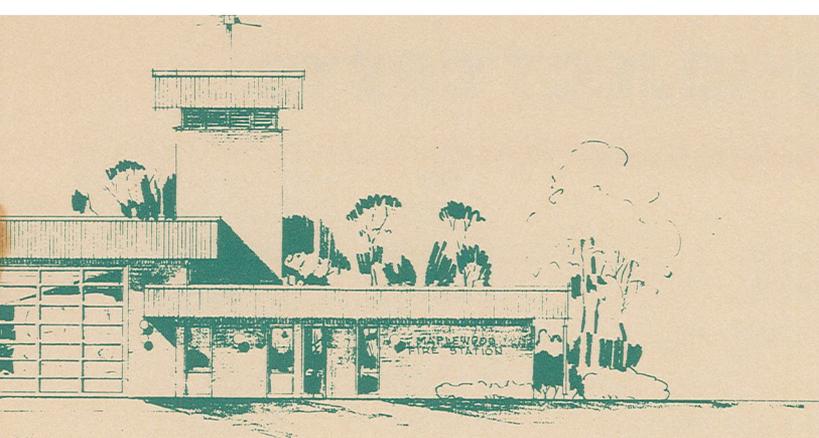

## PROPOSED FIRE STATION

The proposed fire station, which will house fire fighting and rescue equipment, will serve the southern portion of the City of Maplewood. As the population in this rapidly developing area has risen demand for emergency services has also increased. The area is outside the optimum service range of existing facilities.

The City of Maplewood is served by three (3) volunteer fire departments, the Gladstone Fire Department, Parkside Fire Department and East County Line Fire Department. These departments are owned and manned

by the membership and each ontracts with the City for fire/rescue services. Each department is assigned to a fire service protection area based on location and response time; however, all units are capable of responding on call to any emergency in the City.

Departments currently man four existing fire stations in the community, as the Gladstone Department operates both the Gladstone and Hazelwood stations. The proposed station will be operated by the East County Line Fire Department under a similar arrangement.

The station would be located at the intersection of Lower Afton Road and London Lane. The six acre site was purchased by the City for this purpose.

## **PROPOSED PUBLIC WORKS FACILITY**

A need for a satellite public works facility in the southern portion of the community has been defined by the City for some time. The primary function of the facility would be to provide materials and equipment storage. Because of the unique configuration of the community, substantial inefficiencies occur due to the travel time when hauling maintenance materials and utilizing slow-moving vehicles. As this area grows, and the demand for public works services increases, this problem will become more acute. The satellite facility will provide material and equipment storage reasonably close to the working site.

To meet this need in the most cost effective manner, additional vehicle space and a storage yard are proposed to be combined with the anticipated fire station. This facility would meet the community's needs for some time in the future and at a reasonable cost. The City-owned site is of sufficient size and is located to accommodate both uses.

# PROJECT COSTS

	<u>Fire Station</u>	<u>Combined Fire Station &amp; Public Works Facility</u>
Construction Costs	\$450,900	\$508,900
Site Improvements	\$ 50,600	\$ 90,800
Architectural, Engineering	\$ 26,500	\$ 30,800
Bond Costs	<u>\$ 42,000</u>	<u>\$ 49,500</u>
TOTAL BOND ISSUE AMOUNT	\$570,000	\$680,000
