Reviewing Policy – The Role of Policy

What is “police department policy?”

How is it used?

How is it formulated and maintained?

Job One: “Triage” selection of policies to be reviewed. Proposed Criteria:

1. Is it clear and readily comprehensible?
2. Does it require and/or promote the actions we want, and prohibit or prevent those which we don't?
3. Does it provide adequate foundation for accountability?
4. Are there other complexities associated with this policy that merit the attention of the committee?

Discussion: what are the right evaluation criteria for policies? Examples:

- Sanctity of life
- Minimizing risk to officer
- Minimizing risk to subject
- Minimizing risk to bystanders
- Efficacy at bringing about lawful compliance
